**Comments for Public Posting:** I am gravely against giving away any part of our city to developers to do with what they wish, using the Olympics as the excuse. This will not end well for actual residents. There is no legitimate reason to have any exemptions for the Olympics. The developers can easily come up with excuses to bulldoze any area with the falsehood of it being needed for the event. This strongly includes the gondola. This also goes for air taxis. The Olympics were sold as a "no-build" event. Thank you.
