

AD HOC COMMITTEE ON THE 2028 OLYMPICS AND PARALYMPIC GAMES AND PUBLIC WORKS COMMITTEE REPORT relative to a moratorium on construction activity during the 2028 Olympic and Paralympic Games.

Recommendations for Council action:

1. DIRECT the Bureau of Engineering (BOE), in consultation with the Department of Transportation (DOT) and other City agencies, as needed, to establish and implement the 2028 Games Construction Moratorium, including its duration, boundaries, and exemptions.
2. DIRECT the BOE to apply the 2028 Games Construction Moratorium onto any applicable permits issued for construction activities in the public right of way.
3. REQUEST the City Attorney, in consultation with the Office of Major Events, Department of Building and Safety (DBS), Los Angeles Police Department (LAPD), Department of City Planning (DCP), Board of Public Works, BOE, Bureau of Street Services (BSS), Bureau of Contract Administration (BCA), DOT, and any other relevant department, to prepare and present an ordinance imposing additional restrictions on construction activities that may impact the Games operations or experience within the 2028 Games Construction Moratorium boundaries, including but not limited to haul routes, noise levels, dust control, site runoff control, traffic, and parking, as necessary and appropriate.
4. DIRECT the BOE, DOT, BSS, the Department of Water and Power, and all other City construction and maintenance agencies to limit non-emergency construction activities to be consistent with the 2028 Games Construction Moratorium.
5. DIRECT the BSS to implement a moratorium on special events within the 2028 Games Construction Moratorium area, with exemptions available for Games-related events and other special events that do not impact Games preparations or operations.
6. DIRECT the BCA and BSS to inspect and enforce restrictions on construction activities in the public right of way on permitted and unpermitted entities, respectively.
7. DIRECT the BOE, DBS, DCP, and other City agencies, as needed, to disseminate early notice and information to the general public about the 2028 Games Construction Moratorium.

Fiscal Impact Statement: The BOE reports that there is no direct fiscal impact associated with the recommendations in the report. A construction moratorium may have an unknown effect on permit fee revenue, project schedules, and project costs, on a case-by-case basis. Costs of inspection and enforcement of third-party work are generally borne by permittees. There may be unrecoverable costs associated with inspection and enforcement of unpermitted construction activities.

Community Impact Statement: None submitted

SUMMARY

At the meeting held on May 21, 2025 your Ad Hoc Committee on the 2028 Olympic and Paralympic Games considered a Bureau of Engineering report relative to a moratorium on construction activity during the 2028 Olympic and Paralympic Games.

After an opportunity for public comment was held, the Committee moved to approve the recommendations, as stated above.

Subsequently, on September 10, 2025, the Public Works Committee also considered this matter and after providing an opportunity for public comment, the Public Works Committee concurred with the recommendations made previously by the Ad Hoc Committee on the 2028 Olympic and Paralympic Games.

This matter is now submitted to the Council for consideration.

Respectfully Submitted,

AD HOC COMMITTEE ON THE 2028 OLYMPICS AND PARALYMPIC GAMES
