A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at [empowerla@lacity.org](mailto:empowerla@lacity.org).

Title: Zero-Cost Principle for the LA28 Games / Charter Reform / Unreimbursed Costs / Legacy Fund

Position: For

Summary:

The North Westwood Neighborhood Council (“NWWNC”) supports the motion to establish a “Zero-Cost Principle for the LA28 Games” within the Los Angeles City Charter to ensure that the City of Los Angeles does not incur unreimbursed costs associated with hosting the 2028 Olympic and Paralympic Games.

North Westwood is home to major institutions, dense residential communities, and key transportation corridors that will likely experience significant impacts before, during, and after the 2028 Games. As a neighborhood situated near major regional destinations and transit routes, North Westwood residents are particularly sensitive to disruptions in public safety services, transportation access, and essential City resources.

The motion correctly identifies a fundamental concern, namely: the lack of clarity surrounding the definition and allocation of potential “surplus funds” within the LA28 budget, particularly given that critical costs (e.g., security, emergency services, and unforeseen contingencies) are not fully accounted for. With preliminary estimates suggesting that security costs alone may exceed \$1 billion, the risk that the City could bear unreimbursed expenses is substantial and unacceptable.

NWWNC strongly believes that City resources must first and foremost serve its residents. Any diversion of funds to a Legacy Fund before the City is made whole would undermine essential services, including public safety, sanitation, and transportation infrastructure (i.e., services that North Westwood residents rely upon daily, especially along high-traffic corridors such as Wilshire Boulevard, Westwood Boulevard, Santa Monica Boulevard, and Le Conte Avenue).

Codifying a Zero-Cost Principle in the City Charter will provide necessary accountability and transparency, ensuring that the financial burden of hosting the

Games does not fall on taxpayers or compromise the City's ability to deliver core services. This safeguard is essential not only for fiscal responsibility but also for maintaining public trust.

For these reasons, the North Westwood Neighborhood Council urges the Los Angeles City Council to adopt this motion and take all necessary steps to protect the City's financial stability and the well-being of its communities.
