A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website.Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

- COMMUNITY IMPACT STATEMENT -

Council File: [15-0989-S68](#)

Title: 2028 Olympic and Paralympic Games / Enhanced City Resources Master Agreement (ECRMA) / Games Agreement / Amendment

Position: For

Summary:

The North Westwood Neighborhood Council (“NWWNC”) supports the motion to instruct the City Administrative Officer (“CAO”), Chief Legislative Analyst (“CLA”), and City Attorney to finalize and present an Enhanced City Resources Master Agreement (“ECRMA”) between the City of Los Angeles and the Los Angeles Organizing Committee for the 2028 Olympic and Paralympic Games (“LA28”).

NWWNC supports the motion’s focus on ensuring full cost recovery for all Enhanced City Resources (“ECR”), including public safety, transportation, sanitation, and other essential services required for the Games. The City must not bear financial responsibility for services or infrastructure improvements requested by LA28 that exceed normal and customary operations.

This issue is of particular importance to North Westwood given the proximity of the University of California, Los Angeles (“UCLA”), the planned site of the Olympic and Paralympic Village. The presence of the Village will generate substantial operational demands on the surrounding area, including along key corridors such as Wilshire Boulevard, Westwood Boulevard, and Le Conte Avenue, which provide critical access to campus, medical facilities, residential neighborhoods, and commercial districts in the area. These corridors already experience high levels of congestion and activity, and will be significantly impacted during the Games.

NWWNC supports provisions to:

- Require advance payment for anticipated ECR costs;
- Ensure reimbursement for all LA28-requested infrastructure improvements;
- Prioritize the City’s financial protections before any declaration or distribution of surplus funds; and

- Make LA28 contingency funds available to cover any unreimbursed Games-related expenses.

NWWNC also supports the requirement that the Games Footprint reflect the unique characteristics of surrounding communities, including high-density residential areas, commercial corridors, and critical institutional access points such as those along Le Conte Avenue.

NWWNC urges the City Council to adopt this motion to protect the City's fiscal integrity and minimize impacts on local communities, including but not limited to North Westwood.
