AD HOC COMMITTEE ON THE 2028 OLYMPIC AND PARAOLYMPIC GAMES

MOTION

Los Angeles will host the 2028 Olympic and Paralympic Games, providing a generational opportunity to encourage and support sporting activity, especially in our City's youth.

Consistent with the Host City Contract, a foundational agreement relative to the 2028 Games, the Los Angeles Organizing Committee for the Olympic and Paralympic Games 2028 (LA28) committed to provide $160 million for youth sports programming in the leadup to the 2028 Games. The Youth Sports Partnership (YSP) supports youth participation in sport by providing financial subsidies to limit the cost of participation to not more than $10 per participant, depending on participant qualifications.

Over $128 million has been committed to YSP project plans since the program's inception, with a total of over $31 million remaining for Program Year 2027-28 and the Summer of 2028, respectively. During this time, tens of thousands of City families have benefitted from the subsidies provided in the YSP, allowing participation in youth sports that would have otherwise been inaccessible due to financial constraints. The YSP has helped inspire a love and legacy of sporting activity in Angeleno youth and engagement with one of our City's greatest assets, our parks and recreation centers.

LA84, the legacy entity of the 1984 Olympic Organizing Committee, has supported youth development through sports and play for over four decades following the conclusion of the 1984 Games. That legacy is still felt today, with active participation and the award of grants of over $225 million to over 1,100 Southern California organizations.

LA28, at the conclusion of the 2028 Games, is obligated to establish a similar legacy entity to use any Games surplus to benefit the sport and youth of the host City and country. Continuation of subsidies for youth sports participation such as those of the YSP beyond the conclusion of the 2028 Games should be a central focus of the legacy of LA28 and the 2028 Games.

I THEREFORE MOVE that the City Council REQUEST LA28 to include in their legacy entity planning efforts the continuation of youth sport subsidies similar to the Youth Sports Partnership.
