A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or Resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at [empowerla@lacity.org](mailto:empowerla@lacity.org).

Title: 2028 Olympic and Paralympic Games / Prioritize City of Los Angeles Businesses / Transparent Procurement / Quarterly Reports

Position: For

Summary:

The North Westwood Neighborhood Council (“NWWNC”) strongly supports the motion introduced to ensure transparency, accountability, and equity in the procurement practices associated with the 2028 Olympic and Paralympic Games.

North Westwood is home to a diverse mix of small businesses, service providers, and entrepreneurs who form the backbone of our local economy. These businesses stand to benefit significantly from the economic opportunities generated by the Games. However, without clear, enforceable procurement policies prioritizing City of Los Angeles businesses, there is a substantial risk that these opportunities will bypass local stakeholders in favor of larger, multinational firms.

NWWNC is particularly concerned that LA28’s current procurement framework lacks sufficient transparency and specificity. As outlined in the motion, the absence of clearly defined total addressable spend, sector-specific allocations, and anticipated contract values makes it difficult to assess whether local businesses will receive a fair share of opportunities. Additionally, it remains unclear how prior City Council directives (specifically those outlined in Council Files 15-0989-S51, S52, S58, S59, and S62) have been incorporated into LA28’s planning and implementation.

The City of Los Angeles is assuming significant financial responsibility for hosting the Games. As such, it is both reasonable and necessary that the City require a procurement structure that prioritizes local economic benefit. Accordingly, NWWNC strongly supports the establishment of a tiered vendor preference system that places City of Los Angeles businesses first, followed by Los Angeles County, and then the broader regional market.

Equally important is the need for robust oversight and reporting mechanisms. Quarterly reporting on procurement activities, measurable outcomes, and progress

toward equity goals will be essential to ensure accountability and to allow for timely course corrections if necessary.

The 2028 Games represent a once-in-a-generation opportunity to uplift local economies and create lasting benefits for communities like North Westwood. With thoughtful policy implementation and rigorous oversight, the City can ensure that these benefits are distributed equitably and transparently.

For these reasons, the North Westwood Neighborhood Council urges the Los Angeles City Council to adopt this motion and take the necessary steps to protect and prioritize the economic interests of local businesses.
