**Comments for Public Posting:** I am writing to you in support of The LA Convention Center and the work that will impact our city. We cannot stop the progress on this as the convention center is key to boosting our local economy and supports our community and downtown businesses. Local jobs and our people depend on events and visitors to support their families.

**Comments for Public Posting:** Is this Board absolutely insane? Everyone except for Ms. Monica Rodriguez seems to have mush for brains! Why in the world with a \$1 billion deficit, would you allocate another \$27.7 million to the Convention Center expansion project? This project is now at a whopping \$2.2 billion which exceeds the \$1 billion everyone has been threatening to lay off employees over. Shame on you clowns! As public servants you have a responsibility to spend the taxpayers money wisely, not foolishly. Ms. Rodriguez is the only person on your Council who is worth a damn. I hope you all go to hell in a hand basket. Absolutely NO ACCOUNTABILITY!
