Comments for Public Posting: Honor Indigenous Peoples Day!!! If you truly honored Indigenous Peoples Day and Black People this Building built on Indigenous Yaanga Village & Council would not exist! Item 1 \$8 Billion for what ? This money should be invested in Black , Brown & Indigenous Communities for housing, health care, healthy food, education, disability and senior services, youth services etc! Item # 6 No More Money to LAPD they already get \$3.4 billion, plus another \$87 million this year and every week receive donation and public money from various entities. Item # 23 No on 67,000 for alarm and camera 's this seems ridiculous amount for security system. That money should go to youth services and programs. Item # 24 Mayor & Homeless ? This has been decades problem that exploded during pandemic . No city official is doing well on this issue . Skid Row and Black community be ground zero for funding , housing and services. We have trillions of dollars in LA budget but the city continues to mismanage our city funds. Public Comment : Kevin DeLeon Must Go along with council members that support his mentality. He is a racist criminal that did back room deals to redistrict maps that undermined and disenfranchised Black people and resources. He needs to step down. He will not be reelected . His campaign funds should be donated to the Black community.
