Dear LADWP Water Rate Ordinance:

WE PROTEST:

In response to the hearing notice we received, Vero Condominium Unit Owners Association protests the increase. We do not support the proposed rate increases. An increase will affect the member's monthly Association assessments and force the Board of Directors to have to increase the budget. Currently, we spend approximately \$40,000 annually towards water and a 3% rate each year for the next 5 years will cause the budget to increase. The expense will then be passed on to the unit owners. As a homeowner/resident/Board Member of Vero Unit Owners Association: I protest the increase:

Please see attached signatures. 19 (nineteen) total.

Thank you for your prompt attention and your efforts to keep the water rates down.

Regarding: LA DWP Water Rate Ordinance

WE PROTEST AGAINST THE PROPOSED WATER RATE INCREASE!

IT IS ABSOLUTELY RIDICULOUS AND COMPLETELY UNFAIR THAT LOS ANGELES RESIDENTS ARE BEING ASKED TO PAY MORE THROUGH RATE INCREASES, DUE TO YOUR ORGANIZATION ESTIMATING WATER USAGE INCORRECTLY. LA DWP'S INCORRECT ESTIMATION IS NOT OUR FAULT BUT SOLELY YOURS, AND AN ORGANIZATION LIKE YOURS SHOULD BE OPERATING IN A VERY CONSERVATIVE MANNER, WHICH IS OBVIOUSLY NOT THE CASE.

OUR HOUSEHOLD IS PROTESTING AGAINST THE PROPOSED WATER RATE INCREASE AND INSTEAD WE PROPOSE MAKING UP FOR SOME OF SOME OF LA DWP'S LOSS OF REVENUE THROUGH CUTS WITHIN THE ORGANIZATION. THERE ARE ALWAYS WAYS TO CUT COSTS, ESPECIALLY IN AN ORGANIZATION AS BIG AS YOURS. I REQUEST AN AUDITOR TO BE HIRED IMMEDIATELY TO EXPOSE AREAS OF WASTE AND ENSURE A CONSERVATIVE APPROACH TO BUSINESS GOING FORWARD.

PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a "cost-of-living" raise in 2016. MY S.S. DID NOT RISE!
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

* To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

① Your name (or the name of the DWP customer)
② Your address (the property address, not a P.O. Box or billing address)

③ The words, "LADWP Water Rate Ordinance"
④ The words, "I protest" OR "We protest"

⑤ Mail or hand-deliver it to:

City Clerk
200 N. Spring Street, Room 395
Los Angeles, CA 90012

Mail by Feb 18th

It must arrive by the morning of February 17 to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and express your views.

LA DWP Water Rates for Schedule F

CF-15-154B

Dear Council Member Fuentes,

The LA DWP has asked the LA City Council to approve water and power rate increases that include increases to the "Schedule F" rate that applies to most community gardens. This will mean a 289% increase on water rates over the next five years and could be very detrimental for community gardens which provide healthy produce, job training, community engagement and more to Los Angeles.

As we prepare for the scheduled rate hikes, we ask you to reconsider the proposal.

The Los Angeles Community Garden Council has also outlined ways that City Council can help mitigate the costs, if the rate is passed:

1. We ask for accountability from the LA DWP and City Departments for accurate billing.

Gardens that should be charged the Schedule F rate are routinely re-assigned to the higher Schedule A rate for no reason, they also are routinely charged improperly for sewer services by the Bureau of Sanitation, and many gardens located on Rec & Park lands face repeated service outages without prior notice.

2. We ask for the City Council to mitigate rate shock by providing water conservation improvements and education to non-profit community gardens to reduce water use so that the total water bill increase to gardens using Schedule F is no greater than the rate increase applied to Schedule A (17.8% over 5 years). Gardens know they must pay their fair share of new expenses for water service, and gardeners are able to become promoters of the best irrigation practices to their neighbors.

3. We ask for the LA Dept of Rec & Parks Department to repeal the unjust "Partnership Fee" charged to non-profit community gardens located on LA City park land. These gardens already pay LA-DWP for their own water and pay for insurance to protect the City from liability and this fee yields \$3,500/year in revenue to the City of LA. (See R&P Board report 11-121 of 5/4/11.)

4. We ask for business-like and just treatment of community gardens by all City of LA departments. No garden should ever receive free water: that leads to water waste. The City of LA today has no programmatic support for non-profit community gardens run by neighborhood clubs. Although the rhetoric in City Council on Urban Agriculture is stridently supportive, the fact is that treatment of gardens varies greatly from department to department.

Our community garden is a source of nutrition, education, and environmental sustainability and we hope that you will help us keep garden costs equitable.

Sincerely,

David Garden

PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a "cost-of-living" raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

Your **name** (or the name of the DWP customer)
Your **address** (the property address, not a P.O. Box or billing address)
The words, "**LADWP Water Rate Ordinance**"
The words, "**I protest**" or "**We protest**"

Mail or hand-deliver it to:
City Clerk
200 N. Spring Street, Room 395
Los Angeles, CA 90012

It must arrive **by the morning of February 17** to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and express your views. It might help.
