PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a "cost-of-living" raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

* To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

- ① Your name (or the name of the DWP customer)
- ② Your address (the property address, not a P.O. Box or billing address)

RE: Protest - Proposed Water Rate Ordinance

Dear City Council,

Please consider this letter my FORMAL PROTEST to the Proposed Water Rate Restructure and Increase Ordinance set for hearing on February 17th, 2016. I certify that I am a customer of record for LADWP at the parcel address listed below.

In the recent wake of LADWP's over-billing settlements, felony vendor embezzlement charges, as well as corruption allegations within its own nonprofit trusts, I do not believe that the Proposed Water Rate Restructure and Increases is in the best interests of the customers.

To whom it may concern,

I strongly protest the proposed rate hike by LADWP. We have concerned our household water consumption as mandated and do not feel that a rate hike is appropriate. The DWP customers will have no incentive to continue water conservation if the result is future rate hikes.

WHY WE OPPOSE THE FIVE-YEAR RATE INCREASE FOR DWP

RE: Protest - Proposed Water Rate Ordinance

Dear City Council,

Please consider this letter my FORMAL PROTEST to the Proposed Water Rate Restructure and Increase Ordinance set for hearing on February 17th, 2016. I certify that I am a customer of record for LADWP at the parcel address listed below.

In the recent wake of LADWP's over-billing settlements, felony vendor embezzlement charges, as well as corruption allegations within its own nonprofit trusts, I do not believe that the Proposed Water Rate Restructure and Increases is in the best interests of the customers.

Sincerely,

I am writing this letter to vehemently PROTEST AGAINST THE PROPOSED WATER RATE INCREASE

It is not our fault that you cannot manage your company better and continually give more of our money to the LA City general fund.

You need to find a way to do what you need to do without increasing our rates.

Please reconsider this unnecessary action.

To Whom It May Concern:

I am a homeowner in the county of Los Angeles and live in the city of Northridge. I have lived in this city since 1969. I am 52 years old and have owned this house since 2001.

I have installed solar covering 98% as well as a sub meter for the water usage. We water the yards only twice a week with strict time limits on the sprinkler zones. My family is doing the best we can to follow the guidelines. We conserve in every aspect. We use water saving toilets. We have a time limit for our bathing. We have new energy and water efficient washer and dryer. We only use the dishwasher at the major holidays. We hand wash as we have a double sink one side for wash one side for rinse.

I am writing as WE PROTEST any rate increase from the Department of Water and Power. It is a struggle to pay the high prices from the Water & Power as it is. To raise our prices any higher just doesn't seem right.

I hope you take my vote or request into consideration as it means a lot to me for my voice to be heard.

Thank you for your time as I greatly appreciate it.

Sincerely,

Hello Councilman Mitchell Englander / LA, City Clerk

I'm writing to strongly implore you to oppose any LADWP rate increase without 1st. completing a department wide audit and review. The absorbent utility rates and fees we currently pay are among the highest in the country, that coupled with all other city taxes levied on the LA citizens exacerbate the existing hostile environment for the average family and business' not to mention the millions of retiring baby boomers on fixed incomes. I don't believe it is good policy to financially reward any business that mismanages its revenues so as not to provide for the natural inevitable deterioration of its own infrastructure. Perhaps the cost of needed repairs could be offset by LADWP aligning its excessive / disproportionate employee compensations with private sector equivalents. The futures of our children are at stake by agreeing to these unsustainable request.

Signed: One of your many concerned constituents : John Gill

Please feel free to respond with you views on the subject.

TELL A FRIEND

PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a "cost-of-living" raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

Your **name** (or the name of the DWP customer)
 Your **address** (the property address, not a P.O. Box or billing address)
 The words, "**LADWP Water Rate Ordinance**"
 The words, "**I protest**" or "**We protest**"

Mail or hand-deliver it to:
 City Clerk
 200 N. Spring Street, Room 395
 Los Angeles, CA 90012

It must arrive **by the morning of February 17** to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and express your views. It might help.
