To whom it may concern:

This is a response in regards to the notice that was received regarding the increase in the Water usage rates starting this year.

This is to confirm that I DO NOT support the increase and in fact, strongly oppose it. As it stands, the expenses on owning a property in the city of Los Angeles is very high and this increase would adversely affect our decision to invest any further and create serious financial implications for the existing one.

I sincerely hope that you will consider our request and do the needful.

Thanks,
