I protest.

RE : LADWP Water Rate Ordinance

To : LADWP

Date : 1/31/16

PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a “cost-of-living” raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for “adjustment factors,” which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

Your **name** (or the name of the DWP customer)

Your **address** (the property address, not a P.O. Box or billing address)

The words, “**LADWP Water Rate Ordinance**”

The words, “**I protest**” or “**We protest**”

Mail or hand-deliver it to:

City Clerk

**15-1543**

# PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study **and** a review by the ratepayer advocate **and** an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a “cost-of-living” raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for “adjustment factors,” which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

Your **name** (or the name of the DWP customer)  
Your **address** (the property address, not a P.O. Box or billing address)  
The words, “**LADWP Water Rate Ordinance**”  
The words, “**I protest**” or “**We protest**”

Mail or hand-deliver it to:

City Clerk  
200 N. Spring Street, Room 395  
Los Angeles, CA 90012

PROTEST

15-1543

It must arrive **by the morning of February 17** to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and express your views. It might help.

## I PROTEST THE PROPOSED DWP WATER RATE HIKE...!!!

LADWP Water Rate Ordinance

I, Sheldon M. Kirsch, own and live at 20828 Collins St., Woodland Hills, CA 91367.

I Protest the above proposal.

I am a Senior Citizen living on a fixed income. My latest bill included 33HCF usage at Tier One. Your proposal will reset Tier One usage at 8HCF, which means most of my usage will be at Tier Two or above, raising my water bill much higher than the proposed 5.4%. Using the information you provided, my bill will be approximately 40% higher during the first year alone.

Once again, I Protest and Oppose the proposal.

Yours truly,

*Sheldon M. Kirsch*

To Whom It May Concern:

As a lifetime resident and homeowner in the City of Los Angeles, ***I am vehemently opposed to the proposed water rate increase by the Department of Water and Power.*** As citizens of the State of California, we have been mandated by our government to conserve water and we have been doing so diligently as instructed in order to do our individual part in helping to conserve and combat this historic drought.

To increase rates at this time is to completely take advantage of our good action as citizens of this State and only reflects DWP's interest in protecting its' profit margin. We have all had to sacrifice in order to contribute to the greater good. It is unfair for private business to take advantage of the Los Angeles tax payers. ***It is the function of our government to protect the interests of its people and not that of big businesses!***

This rate increase is a blatant attempt to protect LADWP's interests in their profits and totally puts the burden on tax paying citizens. I would hope our government would take a stand for the people of this State. We will only be inspired to do more to combat the drought. The more we feel our government is protecting us, the more we want to involve ourselves and support the interests of the State. If this increase goes forward it will only further the divide and concretize our belief that our leaders are not seeking to protect us and are merely manipulated by their own self-interests and that of the businesses that lobby and incentivize politicians to do their bidding.

I sincerely hope the officials of this great city will rule in the favor of the people in this matter.

Respectfully,

RE: LADWP Water Rate Ordinance; acct: 616-436-1000

Dear Whoever It May Concern:

This is a protest to the proposed Water Rate Restructure and Increases for the Los Angeles Department of Water and Power. In order to conserve water I recently replaced live turf with synthetic turf and drought tolerant plans at my house located at 12808 Gilmore Avenue, Los Angeles CA 90066. I am in support of water conservation but cannot afford now an increase on my bill. I am on a fixed income and it seems unfair that the consumer on its face is penalized for water conservation activities by now being charged more on my bill.

Sincerely,

Vicente Ocampo

RE: LADWP Water Rate Ordinance

Dear City Clerk,

We ABSOLUTELY protest the proposed water rate increase. Our gardens are dead, but we achieved the goals our governor set out for us. Now revenues are down (obviously), so rates have to go up? NO WAY! Don't do this!

Sincerely,

Marco Zubiante

RE: Rate restructuring

As homeowners of a private residence we protest the proposed water rate restructuring and increase of these rates. It is a matter of justice and fairness to a community which has conserved energy throughout the water crisis. And as homeowners we have conserved significantly in the past 24 months.

Thank you.

15-1543

Sincerely,

Aileen D. Nowatzki  
Homeowner

"LADWP WATER RATE ORDINANCE"

**PROTEST**

To Whom it may concern:

Greetings, there should be no reason this years energy/water costs should increase this year, especially with Proposition one allocating 7.12 billion through out the state to water maintenance and acquisition. Also there has been statistically more rainfall in the past two years then the previous two years before that. There should be no reason to increase costs based on the lack of planning and prepared ness on behalf of LADWP. If anything a 1% tax to businesses should be proposed not to residential homes as it is struggle enough to maintain the increased rate during the months of May-October when LADWP rates are highest. Again and lastly, there should be no way this passes and I urge you fully to vote this down. I do not accept the increased water/power increased rate charges proposed. " I protest"

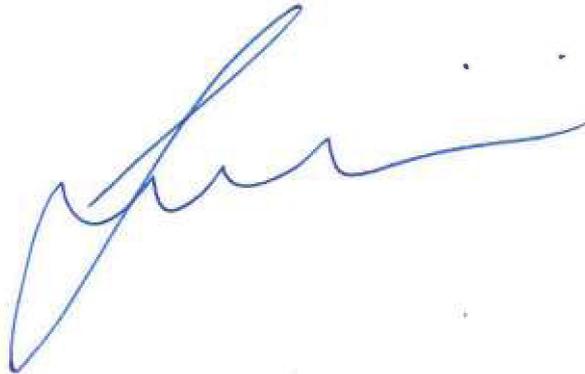

Sincerely,

Joshua Hummel
