Summary:

On May 11, 2016, your Committee considered a Resolution (Wesson - Martinez) relative to the establishment of parking restrictions for oversize vehicles along both sides of:

- a. Pickford Street between South Fairfax Avenue and South Crescent Heights Boulevard
- b. Hi Point Street between Pickford Avenue and Airdrome Street

According to the Resolution, CVC Section 22507 authorizes cities to restrict the parking of vehicles, including but not limited to, those vehicles that are six feet or more in height, on identified City streets during certain hours. Also, LAMC Section 80.69.4 allows Council to authorize by Resolution, the streets upon which the parking of oversize vehicles shall be restricted between 2:00 am and 6:00 am. For the specific area, Council District Ten, there is an increased problem with oversized vehicles parking adjacent to residential buildings in the Faircrest Heights community. These vehicles are often parked overnight and constrict travel lanes, thereby creating undesirable roadway conditions.

After consideration and having provided an opportunity for public comment, the Committee

moved to recommend adoption of the Resolution as detailed above and attached to the Council File. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

TRANSPORTATION COMMITTEE
