**Comments for Public Posting:** I strongly support the Tree Guarantee Fee Planting Plan and support this motion. There are many neighborhoods in L.A. that are sorely lacking in natural vegetation. In my own neighborhood, some of the most spectacular views and the most lovely shaded streets are lined with leafy trees. Every neighborhood deserves more city-maintained greenery. This will improve mental health and wellbeing and reduce ground-level heat. Trees are also important for removing toxins and particles from the air. Plant more trees!
