Comments for Public Posting: Thank you, Councilmembers, for previous support of the oil phase-out motion at the PLUM Committee, and we urge members of the Arts & Parks Committee to move forward and waive the motion for an oil phase out from this committee to move forward through city council. Communities need bold, human and health centered policies that protect public health and the environment. We ask for your urgency and leadership on this matter, knowing that oil drilling and extraction is fundamentally incompatible with neighborhood and environmental health and safety.
