On July 24, 2016 pursuant to the authority granted by Section 91.103 of the Los Angeles Municipal Code, the Department of Building and Safety (the "Department") investigated and identified code violations at: **13522 West Gridley Street, Los Angeles California**, (the "Property"). The owners failed to comply within the time prescribed by ordinance.

In addition, pursuant to Section 98.0421, the property owner was issued an order June 24, 2016 to pay a code violation inspection fee after violations were identified and verified upon inspection. The non-compliance and code violation inspection fees imposed by the Department are as follows:

CITY OF LOS ANGELES

To: Los Angeles City Council

I am writing this letter, to appeal the City of Los Angeles, Dept. of Building & Safety's fines of \$3,831.87, and the proposed intent, to place a lien on the property located at: 13522 Gridley St. San Fernando, Ca. 91340.

An Inspector Flores, from the LADBS, presented himself to my home on 6/4/17. He stated that a complaint had been filed at their office regarding the condition of the above named property. I then received a notice, approximately 3 weeks later, stating that they found the property to be in violation of 3 city codes, and that the property needed to be brought into compliance. Around this same time, I received a letter from the LADBS, stating that I needed to pay \$ 356.16, in what I believed to be fines, related to the city code violations.

After receiving the initial notice, I began working on making the ordered modifications to the property, and attended a mediation appointment with LADBS, in December 2016. I was in touch with the inspectors, and appeared in court, on 4 different occasions, over the next several months. During this same period of time, I received 2 additional letters, in regards to what I believed to be fines for the city code violations, stating that additional fees were added to the original amount of 356.16, because it was now past due. With the addition of the fees, the amount was now in excess of \$3000.00.

However, I had been going to court on the matter, and it was my belief, that the fees were fines, for the violations being addressed in court. I mistakenly assumed if I corrected everything the way the court asked me to, and was no longer in violation of the codes, the fines would be dismissed. And in fact, at the final court date, on 8/23/17, I was told I had made the necessary changes to bring the property into compliance, that there would be no probation, and that all fees were "deleted". I absolutely believed that the matter had been completely resolved, and no further action would be needed, so I was immensely surprised when I got the notice of proposed lien.

I was not at all familiar with how this process is carried out, and I did not understand, that the fees were not fines, and are a separate issue from what was being addressed in the court proceedings. I am asking that the city council, take this into consideration, and **not** approve the proposed lien on the above named property. In addition, I am requesting, the \$3,831.87 amount now due be dismissed, or the late/additional fees be removed, and the amount due be reduced back to the initial fee of \$356.16.

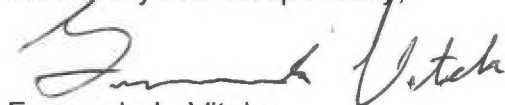

I had received, anonymously sent, derogatory/harassing letters prior to the inspector telling me a complaint had been filed (see one attached), and it is my belief that this person also contacted the LADBS. I am unsure who, or why, this person has targeted me, as I feel I have done nothing to cause this. It is very upsetting to think, that this person's vengeful attack, could result in the possible loss of my home.

I would also like to make the council aware, that to be faced with \$3831.87 in charges, and a possible resulting lien on my home, would cause an extreme financial burden for me. I have been out of work since March of 2016, and have not been able to pursue any job opportunities, nor generate an income since that time.

This is due to several factors, the most important of which, is that both of my parents require care, and I am the one onsite daily to assist them. My mother has fairly advanced Parkinsons Disease. She is unable to stand, walk, or sit down again, without someone helping her. She is also unable to cook for herself, and is rarely able to leave the house, other than for doctor's appointments. My father is unable to provide her any of the required physical assistance, as he to, is elderly and has medical issues. He is on multiple medications, has type II Diabetes, and had a stint placed 2 years ago, after suffering a heart attack. I would like nothing more than to be able to go back to pursuing my occupation as I had done for many years, but at this time, my priority is to be there for my parents, as they were there for me.

My hope is that the council is able to recognize that I did not intentionally disregard the fees, and that I did follow the court's directives, and bring the property into compliance. I am asking that the council take into consideration my circumstances, and appealing to them for their understanding and assistance in dismissing or adjusting the \$3831.87 in fees. Please do not allow the LADBS to place a lien on the property at 13522 Gridley St. San Fernando, Ca 91340. This is my home.

Thankfully and Respectfully,
