**Comments for Public Posting:** Original motion was sponsored by FEDERAL CONVICT MITCHELL ENGLANDER and disgraced candidate for Board of Supervisors Herb Wesson! Nice going Nury!!! Now the F.B.I. can be alerted that this motion which the Council ran away from and let expire TWO YEARS AGO (After the 2018, 2019 FBI RAIDS in and around City Hall) is now back ON. This motion links itself to the 300 foot protest ban around a "residence" crap motion that is being rammed in before Sept. 30, 2021 (last day Nury and the 14 other thieves, crooks, and fools on the Council can hide from the public and lock them out of Brown Act meetings.) The intent is clear: To SILENCE the public and harass and annoy them if they are not: LOBBYISTS, DEVELOPERS, CAMPAIGN DONORS, RICH UNIONS, ETC. Mitch wanted the motion as it is rumored to "trespass" anyone from City Hall he chose to. Nice going guys! It will pass, because at Council meetings, once your logged in as "present" each member AUTOMATICALLY VOTES YES, unless they press a button quickly before the question is called for a vote. What a JOKE! Nithya Raman may vote no on this one. Stay tuned....
