Comments for Public Posting: In regard to community cat spay and neuter programs, I cannot stress strongly enough how important it is for Community cat advocates to be able to manage colonies Through spay and neutering. I volunteered for decades sitting in alleys in the cold trapping cats And pulling kittens You keep you keep the situation there From getting From getting even worse. TNR is the only compassionate solution to managing Community cat Populations. Please weigh the lives of thousands of community cats when you consider this proposal. Their lives matter thank you for considering them.
