Re: Support for Council File 17-0413

To whom it may concern:

Democrats for the Protection of Animals convened a special meeting on December 4, 2020 for the purpose of establishing its position on Council File 17-0413 "Citywide Cat Program / Environmental Impact Report (EIR)."

Let it be known that the Democrats for the Protection of Animals board voted unanimously in support of this motion.

Sincerely,

James Jensvold
President,
Democrats for the Protection of Animals

Democrats for Protection of Animals is an official, chartered Club within the Los Angeles County Democratic Party. It shall endeavor to stimulate Democrats, or individuals intending to register as Democrats, to be active in promoting the humane treatment of animals by promoting the institution of humane legislation and governmental policy and by increasing public awareness of animal protection issues at city, county, state and federal levels.

December 7, 2020

Nury Martinez
President
LA City Council
200 N Spring St, Suite 470
Los Angeles, CA 90012

Dear Council President Martinez,

I am writing from the Spay Neuter Project of Los Angeles, Los Angeles' largest spay/neuter provider, to communicate our agreement with the FEIR's conclusion that the proposed Program will produce "no significant impacts" and to encourage the allocation of funding for the surgical sterilization of 20,000 free-roaming cats in Los Angeles annually. In addition, SNPLA is highly supportive of the following recommendations among others:

- partnership of LA Animal Services (LAAS) with TNR groups to allow for return of impounded outdoor cats to their former homes
- the flexibility to return cats to Environmentally Sensitive Areas when no other option is available

SNPLA is hopeful that in the not too distant future, the TNR injunction will be lifted, allowing LAAS and animal welfare groups from across Los Angeles to partner to save more feline lives than ever before. We look forward to working with the City of Los Angeles and the NKLA coalition to achieve a no-kill Los Angeles.

Sincerely,

Zoey Knittel
Executive Director
Spay Neuter Project of Los Angeles

Council File No: 17-0413

Comments for Public Posting: To the Honorable Members of the Los Angeles City Council: My name is Jennifer Pimentel and I am the Executive Director of LA Programs for Best Friends Animal Society. I am writing to you today in support of the Citywide Cat Program. The release of the final Environmental Impact Report (FEIR) represents a critical step to Los Angeles becoming a no-kill community—a goal we share with the city’s animal welfare organizations, elected officials, and residents. We respectfully encourage the City Council to certify the FEIR, adopt the accompanying ordinances and approve the Citywide Cat Program. Attached, please find an accompanying letter of support. Best Friends will be attending the Los Angeles City Council meeting on Tuesday, December 8 to give public comment. Thank you for your continued support to the animals of Los Angeles. Jennifer Pimentel Executive Director Best Friends Animal Society, Los Angeles

Jennifer Pimentel
Executive Director, Best Friends Los Angeles
jenniferp@bestfriends.org

December 7, 2020

Los Angeles City Council
200 North Spring Street
Los Angeles, CA 90012

Honorable Members of the Los Angeles City Council:

My name is Jennifer Pimentel, I am the Executive Director of LA Programs for Best Friends Animal Society.

Best Friends is a national animal welfare organization with a strong presence (consisting of nearly 56,000 supporters in Los Angeles) for over 30 years. Currently, we operate out of two city-owned buildings, the Northeast Valley Animal Shelter and the Jefferson Park Shelter, a successful private/public partnership since 2012. In addition to our physical operations, we have spearheaded the No-Kill Los Angeles Initiative (NKLA) since 2012, which in partnership with LA Animal Services achieved an 88.7% save rate in 2019, up from a 57% save rate in 2012.

We are pleased to see the publication of the Final Environmental Impact Report (FEIR) for the Citywide Cat Program (CCP), as it represents a critical step in Los Angeles becoming a no-kill community — a goal we share with the city's animal welfare organizations, elected officials, and residents.

Best Friends operates more large-scale trap-neuter-return (TNR) programs, than any other organization in the country and we know firsthand of their many benefits.

We are very grateful to the Bureau of Engineering, LA Animal Services, the Board of Animal Services Commissioners, the Personnel and Animal Welfare Committee who voted to approve the FEIR on December 2, and of course, to the honorable members of the Los Angeles City Council for your collective, tireless efforts and ongoing commitment to make this critical program a reality.

By almost any measure, the injunction against city-supported TNR has been a failure. Perhaps the most obvious metric is the number of underage kittens

coming into city shelters — more than 13,054 in 2019 alone, representing a 20% percent increase over the previous year (2018). After more than 10 years of living with the injunction, it is clear that its impact has been devastating.

We agree with the FEIR's conclusion that the proposed CCP will produce “no significant impacts” and welcome the allocation of funding for the surgical sterilization of 20,000 free-roaming cats in Los Angeles. This, as the FEIR's analysis indicates, will likely result in a significant reduction in the population of these cats throughout the city.

We were also encouraged to see that the buffer zones around Environmentally Sensitive Areas (ESA), which were included in the draft version of the EIR (DEIR), and which contained many restrictions which would have impeded the CCP, have been removed from the FEIR.

Lastly, we are in support of the Municipal Code being amended to increase the number of cats allowed per household from 3 to 5.

We respectfully encourage the Los Angeles City Council to certify the FEIR, adopt the accompanying ordinances and approve the Citywide Cat Program.

If you have any questions please do not hesitate to contact me at jenniferp@bestfriends.org or by phone at 559-908-3815. Thank you for your continued support of the animals and the people that care for them.

With gratitude,

Jennifer Pimentel

RE: Council File Number 17-0413

Honorable Members of the Los Angeles City Council,

We, the undersigned residents of Los Angeles, support the proposed Citywide Cat Program. This issue is important to us and we want to see LA stay true to its commitment to save cats and kittens.

We respectfully urge you to approve the Citywide Cat Program; this is a critical step in Los Angeles becoming a no-kill community.

Thank you.

Communication from Public

Name: Christine Rangel

Date Submitted: 12/07/2020 09:29 PM

Council File No: 17-0413

Comments for Public Posting: Council President Nury Martinez Los Angeles City Council 200 N Spring St Los Angeles, CA 90012 (Submitted via email)
SUPPORT: Council File 17-0413, “Citywide Cat Program/Environmental Impact Report” Dear Council President Martinez and Honorable Members: I am a professional animal advocate for 15+ years. I have served as a Junior Board Member of the ASPCA (American Society for the Prevention of Cruelty to Animals), was a HSUS-NY (Humane Society of the United States—New York Chapter) Legislative Representative, and served on the Board of T.A.I.L.S. (Towards Animals In Loving Spaces) of The Mayor’s Alliance for New York City’s Animals under Mayor Michael Bloomberg, an organization that achieved its mission to make New York a “no kill” city. With respect to my experience on the topic, I am writing to ask you to SUPPORT the “Citywide Cat Program/Environmental Impact Report”, and uphold and approve the findings and items approved by the PAW Committee on 12/2/2020. The proposed Citywide Cat Program is good for all of LA: it’s people, its cats—both feral and domestic—and its urban wildlife. I ask that you consider the following: Prior to the inception of the Mayor’s Alliance for NYC’s Animals, NYC’s euthanasia rate of healthy, adoptable dogs and cats was 79%; the lion’s share of that were cats. Mayor Bloomberg knew that euthanasia was a drain on City resources—both staff and funds—and it was bad for animals. Dogs or cats entering a shelter had less than a 21% chance of coming out alive. Driven by its ten-year strategic plan, the Alliance created strategic programs and services aimed at delivering the goal to create a no-kill community in NYC, and achieved it! One of the three main initiatives that made this possible was the New York City Feral Cat Initiative, a TNR program similar to the one before Council consideration now. In 2019, ACC's live release rate was above 90% for the third consecutive year. By contrast, Los Angeles’ euthanasia rate of healthy, adoptable cats is currently 34%. Last year alone there were 9,794 cats euthanized. This number is simply unacceptable. Los Angeles can do better. We need a plan, and the TNR approach, coupled with other initiatives, will help reduce the euthanasia of animals in LA. LA needs this TNR Program in order to tackle the overpopulation of feral and stray cats. As

someone who also has 15+ years in the development industry, I am all too familiar with EIRs and the tricks and tools that any opposition will use to stall or bankrupt a project. The shameful litigation from Urban Wildlife Group is no exception: it has less to do with the “environmental impacts” of the project, and more to do with running the clock to thwart efforts to establish the TNR program. I wish to recognize the efforts of the Departments of Animal Services, the Department of Engineering for their thorough work on this report, and I urge the Council to approve the EIR and implement the Citywide Cat Program as soon as possible. Thank you, Christine Rangel Playa Vista, CA 90094

SUPPORT: Council File 17-0413, “Citywide Cat Program/Environmental Impact Report”

Dear Council President Martinez and Honorable Members:

I am a professional animal advocate for 15+ years. I have served as a Junior Board Member of the ASPCA (American Society for the Prevention of Cruelty to Animals), was a HSUS-NY (Humane Society of the United States—New York Chapter) Legislative Representative, and served on the Board of T.A.I.L.S. (Towards Animals In Loving Spaces) of The Mayor’s Alliance for New York City’s Animals under Mayor Michael Bloomberg, an organization that achieved its mission to make New York a “no kill” city. With respect to my experience on the topic, I am writing to ask you to SUPPORT the “Citywide Cat Program/Environmental Impact Report”, and uphold and approve the findings and items approved by the PAW Committee on 12/2/2020.

The proposed Citywide Cat Program is good for all of LA: it’s people, its cats—both feral and domestic—and its urban wildlife. I ask that you consider the following:

Prior to the inception of the Mayor’s Alliance for NYC’s Animals, NYC’s euthanasia rate of healthy, adoptable dogs and cats was 79%; the lion’s share of that were cats. Mayor Bloomberg knew that euthanasia was a drain on City resources—both staff and funds—and it was bad for animals. Dogs or cats entering a shelter had less than a 21% chance of coming out alive. Driven by its ten-year strategic plan, the Alliance created strategic programs and services aimed at delivering the goal to create a no-kill community in NYC, and achieved it! **One of the three main initiatives that made this possible was the New York City Feral Cat Initiative**, a TNR program similar to the one before Council consideration now. In 2019, ACC’s live release rate was above 90% for the third consecutive year.

By contrast, Los Angeles’ euthanasia rate of healthy, adoptable cats is currently 34%. Last year alone there were 9,794 cats euthanized. This number is simply unacceptable. Los Angeles can do better. We need a plan, and the TNR approach, coupled with other initiatives, will help reduce the euthanasia of animals in LA. LA needs this TNR Program in order to tackle the overpopulation of feral and stray cats.

As someone who also has 15+ years in the development industry, I am all too familiar with EIRs and the tricks and tools that any opposition will use to stall or bankrupt a project. The shameful litigation from Urban Wildlife Group is no exception: it has less to do with the “environmental impacts” of the project, and more to do with running the clock to thwart efforts to establish the TNR program.

I wish to recognize the efforts of the Departments of Animal Services, the Department of Engineering for their thorough work on this report, and I urge the Council to approve the EIR and implement the Citywide Cat Program as soon as possible.

Thank you,
Christine Rangel
