**Comments for Public Posting:** I support the amendments on CF 17-0447 and I hope that the city pushes this through faster as our community members are suffering and dying. Put an end to oil drilling in and around our neighborhoods especially the disadvantaged communities that are suffering the most. My home is constantly filled with black dust and fumes, my family is always suffering from headaches, congestion, allergies and asthma. Thank you for your consideration on this matter and I urge you to support the changes.
