RECOMMENDATIONS

That the Board approve:

1. The Resolution (Attachment 2) adjusting the Board controlled fees.
2. Transmitting this report to the Mayor and City Council for consideration and approval.
3. Publishing the Resolution based on the Mayor and City Council action (L.A.M.C., Section 57.115.1.1). The fees approved by the Mayor and Council shall become effective, except for the fee items that are recommended by the Mayor and Council to be amended.

FISCAL IMPACT

Assuming the recommended fees become effective July 1, 2017, it is projected that the associated fee increases will generate \$33.5 million in revenues in Fiscal Year 2017-18. This is an increase of \$1 million over the projected Fiscal Year 2016-17 revenue budget as of December 2016.

DISCUSSION

The cost of special services fees are based on the total costs to perform the special services and includes direct labor, indirect labor, expenses, and all applicable City overhead costs.

Inspector Hourly Rate

The Inspector Hourly Rate is the average hourly cost of an Inspector in FPB. The Inspector Hourly Rate is calculated by dividing the total cost of the FPB by the total number of direct Inspectors in FPB to determine the average cost of a direct Inspector, and then dividing the average cost of a direct Inspector by the total number of available on-duty hours per year.

The Inspector Hourly Rate is utilized to charge for services that are based on the time required to perform the service. The fees for these services are computed by multiplying the average time required to perform the inspection or service by the Inspector Hourly Rate. The average time required to perform an inspection activity is based on historical data of staff hours spent on specific related activities. These hours are reviewed and adjusted annually.

Using the proposed Fiscal Year 2017-18 salaries and the federally audited and approved Cost Allocation Plan (CAP) 37 Rate, the Inspector Hourly Rate was determined to be \$216 per hour, an increase of 9 percent from the current Inspector Hourly Rate of \$199 per hour due mainly to salary increases.

In order to be consistent with the City's financial policy of full cost recovery, it is proposed that the Inspector Hourly Rate be increased from \$199 per hour to \$216 per hour.

The following Sections of the L.A.M.C. pertain to the recommended fee revisions:

A. Non-Compliance Fee - L.A.M.C., Section 57.104.12.1

The Non-Compliance Fee is the Inspector Hourly Rate multiplied by the number of hours expended in re-inspections, after the issuance of a Fire/Life Safety order. The Non-Compliance Fee is, at a minimum, two (2) Inspector Hours (\$432).

The Non-Compliance Fee is issued if, after the first re-inspection, the owner has failed to comply with the Fire/Life Safety order to correct.

The recommended fee for Non-Compliance is detailed in Attachment 1: Proposed Schedule of Fees (Section H).

B. Specific Action or Project Permit Fees - L.A.M.C., Section 57.105.7.8

L.A.M.C. Section 57.105.7.8 identifies installations or operations on a one-time or non-continuing nature which require plan checks and/or inspections. These permits are issued for a wide variety of activities, including firework displays, live theater productions, and the transfer of flammable liquids.

The recommended fees for Specific Action or Project Permit Fees are detailed in Attachment 1: Proposed Schedule of Fees (Section B).

C. Operational Permit Fees - L.A.M.C., Section 57.113.6

L.A.M.C., Section 57.113.6 identifies occupancies and operations which require an annual permit to operate in the City. These occupancies are inspected by the Fire Department for fire life and operational safety.

The recommended fees for Operational Permits are detailed in Attachment 1: Proposed Schedule of Fees (Schedule A).

D. Hydrants and Access Review and Inspection Fees - L.A.M.C., Section 57.116.1

L.A.M.C., Section 57.116.1 provides pre-development plan review, plan and code review, and inspection services for development projects within the City to ensure adequate access, fire protection, and water availability to the project.

The recommended fees for Hydrants and Access Review and Inspection are detailed in Attachment 1: Proposed Schedule of Fees (Section E).

E. Construction Plan Review and Inspection Fees - L.A.M.C., Section 57.118.2

The Construction Plan Review and Inspection Fees provide for the cost of Fire/Life Safety plan review and inspection services of new construction, additions, tenant improvements, and/or change of use construction projects within the City.

The recommended fees for Construction Plan Review and Inspection are detailed in Attachment 1: Proposed Schedule of Fees (Section F).

F. Miscellaneous Fees and Certificates of Fitness Fees - L.A.M.C., Sections 57.104.9.2.1, 57.104.17.2, 57.117.10, 57.119.7.1, 57.119.8, and 57.119.8.3

A number of miscellaneous activities in the Fire Code are under the Board's fee-setting authority. These include General Approvals sought by manufacturers of specified items, fees for conducting tests to certify non-specified items, variance and

waivers from provisions of the Fire Code, and Certificates of Fitness issued to individuals engaged in the recharging of fire extinguishers, in conducting blasting operations, or certifying the installation of fire protection equipment.

The recommended Miscellaneous Fees and Certificates of Fitness Fees are detailed in Attachment 1: Proposed Schedule of Fees (Section D).

G. Fire Safety Clearance Pre-Inspection Fee - L.A.M.C., Sections 57.4702.5 and 57.4703.7.1

The Fire Safety Clearance Pre-Inspection Fee provides for the cost of pre-inspection of adult and child daycare facilities and institutional facilities. The fee for the Fire Safety Clearance Pre-Inspection of a facility up to 25 occupants was determined to be two (2) hours at the Inspector Hourly Rate, or \$432. The fee for a facility of more than 25 occupants was determined to be four (4) hours minimum, or \$864 minimum, and hourly thereafter at the Inspector Hourly Rate of \$216 per hour.

The recommended fees for Fire Safety Clearance Pre-Inspection are detailed in Attachment 1: Proposed Schedule of Fees (Section L).

H. Final Clearance Inspection Fee - L.A.M.C., Section 57.4703.7.2

The Final Clearance Inspection Fee provides for the cost of inspection of residential care facilities for the elderly. A fee of two (2) hours of the Inspector Hourly Rate, or \$432, was determined for the Final Clearance Inspection service to recover the cost of the service.

The recommended fee for Final Clearance Inspection is detailed in Attachment 1: Proposed Schedule of Fees (Section K).

I. Industrial and Commercial Building Inspection Fees

The Industrial and Commercial Building Inspection Fees provide for the inspection of Industrial and Commercial buildings that are four (4) stories or more and/or have a floor area of 40,000 square feet or more of occupancy types Group B, Group F, Group H, Group M, Group S, or Group U as defined in the California Building Code.

The Board report recommending charging fees for the service was adopted by City Council on November 17, 2012 (Council File: 12-1584). The fee schedule is pending development of an ordinance by the City Attorney.

The recommended Industrial and Commercial Building Inspection fees are detailed in Attachment 1: Proposed Schedule of Fees (Section N).

J. Brush Clearance Program Fees - L.A.M.C., Section 57.322

Brush Initial Inspection Fee

The Brush Initial Inspection Fee provides for the cost of yearly inspecting 140,000 parcels in the Very High Fire Hazard Severity Zone. The inspection cost is divided among the 140,000 parcels.

Those parcels found not in compliance with the hazardous vegetation ordinance are issued an order to correct and subsequently re-inspected. If the property is still in violation after the third inspection, the property is bid out for clearance by a brush clearance contractor.

Based on the proposed Fiscal Year 2017-18 salaries and the approved CAP 37 Rate, the Brush Initial Inspection Fee is recommended to be increased from \$27 to \$28.

Brush Administrative Cost Fee

The Brush Administrative Cost Fee covers the cost of staff to perform the brush re-inspections and processing of the bid packages/contracts for award to a contractor. The Brush Administrative Cost Fee is determined by calculating the time required by sworn and civilian staff to perform inspections and contract processing, divided by the average number of pre-package inspections. Direct and overhead costs are included in the cost calculation for full cost recovery.

Analysis of the Brush Administrative Cost Fee indicates a fee increase from \$1,168 to \$1,304.

The recommended Brush Clearance Program fees are detailed in Attachment 1: Proposed Schedule of Fees (Section G).

K. High-Rise Building Annual Inspection and Permit Fee - L.A.M.C., Section 57.119

The High-Rise Building Annual Inspection Fees provide for the cost of the staff to perform inspections of all commercial and residential high-rise buildings. The High-Rise Annual Inspection Fees consist of a base building fee, a building inspection fee, and a garage inspection fee.

The base building fee covers the administrative oversight of tracking, investigating, and research necessary to safeguard high-rise buildings for fire life and property safety. All high-rise buildings, including vacant and/or partially vacant buildings, are subject to the base building fee. The building inspection fee is calculated based on the total floor area of the building. The garage inspection fee is calculated based on the total floor area of the garage.

The total floor area of high-rise hotels, dormitories, apartments, and condominiums is assessed only on the common areas in the building.

Federal and State buildings are inspected yearly but are exempt from the fee.

Based on the proposed Fiscal Year 2017-18 salaries and the approved CAP 37 Rate, the High-Rise Annual Inspection Fees are recommended as follows:

- The building inspection fee be decreased from \$0.0187 per square foot to \$0.0167 per square foot.
- The garage inspection fee be decreased from \$0.0094 per square foot to \$0.0084 per square foot.
- The base building fee be increased from \$1,194 to \$1,296. The base building fee is aligned at six (6) hours of the Inspector Hourly Rate.

The decrease in the building inspection and garage inspection fees is due to a decrease in the number of Inspectors working in the High-Rise Unit.

The recommended fees for High-Rise Annual Inspection are detailed in Attachment 1: Proposed Schedule of Fees (Section I).

L. High-Rise Building Evacuation Fees - L.A.M.C., Section 57.409.10.1.1

The High-Rise Evacuation Fees provide for the administrative tracking of Fire Safety Directors and Floor Wardens, and for the coordination and oversight provided during a total building evacuation of high-rise buildings. The High-Rise Evacuation Fees consist of a Fire Safety Director Fee, a Floor Warden Fee, and the Total Building Evacuation Oversight Fee.

Each high-rise building is charged with a Fire Safety Director Fee, a Floor Warden Fee per floor of a high-rise building, and a Total Building Evacuation Oversight Fee for buildings that are 35 stories or higher. The Total Building Evacuation Oversight Fee is charged as one fee (prorated over three years). High-rise buildings 35 stories or higher are required to conduct a total building evacuation once every three (3) years, with coordination and oversight provided by the Fire Department. All high-rise buildings self-conduct a mandatory fire drill a minimum of once annually administered by the Fire Safety Director of each high-rise building.

The High-Rise Building Evacuation Program is administered by one Fire Inspector I. The High-Rise Building Evacuation Fees are recommended for increase due to the increase in the proposed Fiscal Year 2017-18 salaries and the approved CAP 37 Rate.

It is proposed that the High-Rise Evacuation Fees be modified as follows:

- The Fire Safety Director fee be increased from \$222 to \$254 per building.
- The Floor Warden fee be increased from \$19 to \$22 per floor.
- The Total Building Evacuation fee be increased from \$364 to \$415 per building (prorated over 3 years).

The recommended fees for the High-Rise Evacuation Program are detailed in Attachment 1: Proposed Schedule of Fees (J).

M. The Certified Unified Program Agency (CUPA) (L.A.M.C., Section 57.120.6)

The CUPA consolidates under one agency the following six hazardous materials and waste programs:

- 1) Hazardous Waste Generator and Onsite Hazardous Waste Treatment Programs
- 2) Aboveground Petroleum Storage Tank Spill Prevention Control and Countermeasure Plan
- 3) Hazardous Materials Release Response Plans and Inventory Program
- 4) California Accidental Release Prevention Program
- 5) Underground Storage Tank Program
- 6) Uniform Fire Code Plans and Inventory Requirements

The Underground Storage Tank Program (#5) fees provide for plan review and inspection services of underground storage tank systems.

It is proposed that the CUPA Fees be modified as follows:

- The Aboveground Storage Tanks fee be increased from \$380 to \$745 per tank.
- The Underground Storage Tanks fee be increased from \$670 to \$724 per tank.
- The California Fire Code (CFC) Hazardous Materials Management Plans (HMMP) and Hazardous Materials Inventory Statements (HMIS) Inventory Count Fees:
 - Inventory Count: 1 to 3 be increased from \$298 to \$349
 - Inventory Count: 4 to 7 be increased from \$595 to \$696
 - Inventory Count: 8 to 15 be increased from \$898 to \$1,051
 - Inventory Count: 16 to 25 be increased from \$1,059 to \$1,239
 - Inventory Count: More than 25 be increased from \$1,271 to \$1,487
- The California Accidental Release Prevention Program (CalARP) Administrative fee be increased from \$880 to \$1,188.
- The CalARP Risk Factor fee be increased from \$8.40 per unit to \$11.34 per unit.

All CUPA fees increased due to the addition of two Inspectors and the position upgrade of a Captain I to a Captain II. The additional staffing was required to meet the heavy workload in the CUPA.

The recommended Underground Storage Tank Program (L.A.M.C., Section 57.105.7.8.4) fees are detailed in Attachment 1: Proposed Schedule of Fees (Section B, pages 5 to 7).

The recommended Certified Unified Program Agency fees are detailed in Attachment 1: Proposed Schedule of Fees (Section M).

N. Uniformed Fire Safety Officer Fee - L.A.M.C., Section 57.104.18.1

The Uniformed Fire Safety Officer (UFSO) fee provides for the cost of a UFSO. A UFSO may be required for the safeguarding of life and property from fire, explosion, panic, or other hazardous conditions that may arise in the temporary use of an occupancy and/or premise during an activity. When required, a UFSO provides fire code enforcement during temporary activities such as special events or filming activities involving pyrotechnic effects, fires, or other hazardous situations.

The UFSO fee is determined based on the average overtime cost of an Inspector. The average overtime cost of an Inspector in Fiscal Year 2017-18 is \$105 per hour.

In Fiscal Year 2016-17, the Fire Department met with representatives of the Mayor's Office, Economic Workforce Development Department, Film LA, and the Motion Picture Association of America (MPAA) regarding adjustment of the UFSO fee. It was recommended that a phased rate increase would be implemented at \$75 per hour in Fiscal Year 2016-17, \$85 per hour in Fiscal Year 2017-18, and the UFSO rate would be brought to full cost recovery in Fiscal Year 2018-19.

The UFSO rate was increased to \$75 per hour on January 1, 2017. As part of the agreement for the phased rate increase, the UFSO fee will increase from \$75 to \$85 per hour in Fiscal Year 2017-18, and will be charged at a minimum of 4 hours, or \$340, as mandated by the sworn Memorandum of Understanding. Any additional hours of service or fraction of hours thereof is charged at a rate of \$85 per hour.

The recommended fee is detailed in Attachment 1: Proposed Schedule of Fees (Section O).

FPB Overtime Rate

The FPB Overtime Rate is determined based on weighted average staff overtime salaries. Using proposed Fiscal Year 2017-18 salaries multiplied by 1.5, the FPB Overtime Rate was determined to be \$105 per hour.

The FPB Overtime Rate is applicable to the Expedite Fee, the Off-Hour Fee, or the Emergency Inspection Fee. These fees are charged when a customer requests Fire Department staff to perform expedited or off-hour plan review, or inspection services outside of normal working hours.

The Expedite Fee, the Off-Hour Fee, or the Emergency Inspection Fee is charged at a minimum of four (4) hours, or \$420, as mandated by the sworn Memorandum of Understanding. Any additional hours of service or fraction of hours thereof is charged at a rate of \$105 per hour.

The Expedite, the Off-Hour, and the Emergency Inspection Fees are supplementary and in addition to any regular fees charged.

CONCLUSION

Increasing the Inspector Hourly Rate, the FPB Overtime Rate, and modifying existing fees to be in alignment with rising costs is consistent with the City's financial policy of full cost recovery for special services.

Board report prepared by Muriel Gee, Senior Management Analyst I, Administrative Services Bureau and Tiffany Baltazar, Management Analyst II, Administrative Services Bureau.
