REPORT FROM

OFFICE OF THE CITY ADMINISTRATIVE OFFICER

Date: September 13, 2017

CAO File No. 0220-05386-0001
Council File No. 17-0600-S99
Council District: N/A

To: Budget and Finance Committee
Personnel and Animal Welfare Committee

From: Richard H. Llewellyn, Jr., Interim City Administrative Officer

Reference: Budget Motion No. 6 adopted on May 18, 2017; referred by the Personnel and Animal Welfare Committee for report on August 3, 2017

Subject: **REPORT REGARDING VACANT POSITIONS, AS-NEEDED POSITIONS, AND SERVICE CONTRACTS**

SUMMARY

Budget Motion No. 6 (C.F. 17-0600-S99), adopted on May 18, 2017 during the Council's deliberations on the 2017-18 Budget, directed all City Departments to report to the Budget and Finance Committee and the Personnel and Animal Welfare Committee with information on vacant positions, as-needed positions, and contracts for services that could be performed by entry level positions. The information is intended to assist the work of the Targeted Local Hire Working Group and the Strategic Workforce Development Task Force.

On August 3, 2017, the Personnel and Animal Welfare Committee instructed the City Administrative Officer to collect and compile the requested data in an effort to expedite the process. Each department, except the Department of Water and Power, reported and this Office compiled the following information:

1. A list of all vacant positions, including the classification title, number of positions, and funding source(s), as of August 5, 2017 (Attachment 1);

2. A list of all As-Needed positions, including the classification title, number of positions, and funding source(s), that worked during Pay Period 3, July 20 to August 3, 2017 (Attachment 2); and,

3. A list of all contracts for services, including vendor name, annual ceiling amount, and contract's expiration date, for which entry level civil service positions could otherwise provide the services (Attachment 3).

At the time of reporting, some vacant positions were in the process of being filled and may no longer be vacant. Positions may be held vacant for the purpose of salary savings and to fund

substitute authorities, unfunded positions, or appointments of retired personnel in accordance with Charter Section 1164 (b).

The list of as-needed positions consist of the number of individuals who worked for any amount of time during the reporting period. As-needed positions are typically part-time positions that are used to address peak workload demand or provide staffing for seasonal programs. As such, the level of as-needed staff fluctuates throughout the year in accordance with department operational needs.

The list of contracts includes contracts in which a significant portion of the scope of work can be performed by entry level civil service classifications. Experienced and supervisory level staff and administrative resources may also be required to complete the total scope of work. Prior to the execution of contracts, the Personnel Department and the Office of the City Administrative Officer are required to determine, in accordance with Charter Section 1022, whether the work proposed to be contracted can be performed more economically or feasibly by independent contractors than by City employees.

FISCAL IMPACT

This report is for information purposes only. There is no fiscal impact.
