RECOMMENDATION

That the Council, subject to the approval of the Mayor, authorize the General Manager of the Department of Animal Services, or designee, to execute the Second Amendment to Contract No. C-129781 between the Animal Services Department and Western University of Health Sciences College of Veterinary Medicine to provide spay/neuter and related veterinary services at the East Valley Animal Services Center from July 1, 2021 through June 30, 2022, for an amount not to exceed \$350,000, subject to the review and approval by the City Attorney as to form.

SUMMARY

The Department of Animal Services (Department) requests authority to execute the Second Amendment to Contract No. C-129781 between the City of Los Angeles (City) and Western University of Health Sciences College of Veterinary Medicine (Contractor), to provide spay/neuter and related veterinary services at the East Valley Animal Services Center. The Second Amendment will extend the term of the Agreement from July 1, 2021 through June 30, 2022. This will be the second and final extension of the contract, which was established as a three-year agreement with the option to extend for two additional years in one-year increments.

 SRB Analyst 04210146	 City Administrative Officer
--	---

The Department released a Request for Proposals on November 4, 2016, to provide spay/neuter and related veterinary services at the East Valley Animal Services Center. On June 30, 2017, the City Council approved the initial contract with Western University for the period of July 1, 2017 through June 30, 2020, for an amount not to exceed \$500,000 annually, with the option to extend for two additional years in one-year increments. On April 7, 2020, the City Council approved the First Amendment, extending the term of the Agreement from July 1, 2020 through June 30, 2021, for an amount not to exceed \$500,000 annually. The proposed Second Amendment will extend the term of the Agreement from July 1, 2021 through June 30, 2022, this time for an amount not to exceed \$350,000 annually. Subsequent to the Department's transmittal to the Mayor's Office dated May 5, 2021, additional negotiations between the City Administrative Officer, the City Attorney, the Department, and the Contractor reduced the annual extension amount from \$500,000 to \$350,000 to better correspond to anticipated expenditures and to similar recent on-site spay/neuter contracts at the Department's other Animal Services Centers. This is the final extension available on this contract.

Funding for this contract is provided through the Animal Sterilization Trust Fund, which is funded through the City budget process as well as through licensing and adoption fees and donations. The Fund is administered by the General Manager of the Department of Animal Services in accordance with Los Angeles Administrative Code Section 5.199. Eligible expenditures from the Fund include providing animal sterilization services to residents of the City of Los Angeles who meet applicable program eligibility requirements.

In accordance with the provisions of the Mayor's 'Fiscal Year 2020-21 Cost Containment Measures' memo dated June 24, 2020, the proposed agreement meets the contractual exemption criteria in that this agreement has no General Fund impact and the Animal Sterilization Trust Fund has sufficient funds to support the cost of the proposed services. Consistent with the provisions of the Mayor's 'Fiscal Year 2020-21 Instructions for Fiscal Restraint' memo dated September 11, 2020, the proposed contract has received pre-approval through the Mayor's Cost Containment review process under the exemption criteria that the service being contracted is legally mandated. The Department is legally obligated to spay and neuter animals prior to releasing them for adoption to the public, as outlined in Los Angeles Municipal Code Section 53.15.2 and California Food and Agricultural Code Section 30503.

The Department reports the following data relative to the number of surgeries performed by Western University by fiscal year at the East Valley Animal Services Center, as well as the cost of the contract annually:

Fiscal Year	Surgeries Performed	Total Cost
2017-18	1,476	\$98,157
2018-19	3,370	\$216,117
2019-20	2,820	\$165,525
2020-21 (YTD)	1,713	\$98,442
Total	9,379	\$578,241

Prior to the execution of the initial agreement, a Charter Section 1022 Determination was completed by the Personnel Department and found that there are City employees that do have the expertise to perform this work; however, since the work assignment exceeds staffing availability, it is more practicable to provide these services through a contract service provider.

FISCAL IMPACT STATEMENT

Approval of the recommendation in this report will have no additional impact on the General Fund. All spay and neuter service costs are funded through the Animal Sterilization Trust Fund and sufficient funding for this purpose is available therein.

FINANCIAL POLICIES STATEMENT

Execution of the proposed agreement complies with the City's Financial Policies in that budgeted funds are used for intended purposes, and ongoing revenues are used for ongoing expenditures.

Report to the Board of Animal Services Commissioners

MEETING DATE: April 13, 2021

PREPARED BY: Christina Gomez

REPORT DATE: March 31, 2021

TITLE: Management Analyst

SUBJECT: AUTHORIZE CONTRACT NO. C-129781 – AMENDMENT NO. 2 – BETWEEN THE CITY OF LOS ANGELES AND WESTERN UNIVERSITY OF HEALTH SCIENCES COLLEGE OF VETERINARY MEDICINE TO PROVIDE SPAY/NEUTER AND RELATED VETERINARY SERVICES AT THE EAST VALLEY ANIMAL SERVICES CENTER

BOARD ACTION RECOMMENDED:

1. **APPROVE** Amendment No. 2 extension, approved as to form and legality by the City Attorney as attached, with the Western University of Health Sciences College of Veterinary Medicine (Western U) to continue contractual services for an additional one (1) year to operate the East Valley Spay/Neuter Clinic located at the East Valley Animal Services Center through June 30, 2022;
2. **DIRECT** staff to transmit the approved amendment to the Office of the Mayor and subsequently to the City Council for approval; and
3. **AUTHORIZE** the Department General Manager to execute the subject amendment upon receipt of the necessary approvals.

BACKGROUND:

The Department of Animal Services (Department) released a Request for Proposals ("RFP") on November 4, 2016, to provide spay/neuter and related veterinary services at the East Valley Animal Services Center. Western U's proposal met the requirements, was the only proposal submitted, and was awarded the agreement by the Animal Services Board of Commissioners on June 13, 2017. The agreement was approved by the City Council on June 30, 2017, for a three-year term with two additional one-year options to extend, for a total of five years at the sole discretion of the Department and General Services Department. Western U began operations on July 1, 2017. The initial contract

term expired on June 30, 2020. The Department exercised its first option to extend the contract through June 30, 2021.

Western University of Health Sciences College of Veterinary Medicine – Contract No. C-129781 Surgery and Cost Stats					
Fiscal Year	Cats	Dogs	Rabbits	Total # of Surgeries	Total Cost
FY 2017-18	361	968	147	1,476	\$98,157
FY 2018-19	1,059	2,027	284	3,370	\$216,117
FY 2019-20	1,189	1,468	163	2,820	\$165,525
FY 2020-21 (YTD)	767	903	43	1,713	\$98,442
Total	3,376	5,366	637	9,379	\$578,241

Although the Department employs veterinarians and veterinary technicians who have the expertise to perform spay/neuter surgeries, time constraints and workloads attributed to the treatment and care of all animals entering our Animal Services Centers prevent staff from performing these surgeries.

This request seeks to exercise the second extension option to be effective July 1, 2021 through June 30, 2022 for the continuation of spay/neuter clinic operations at the East Valley Animal Services Spay/Neuter Clinic.

SUMMARY:

The current agreement with Western U to operate the East Valley Spay/Neuter Clinic expires on June 30, 2021. Continued operation of the spay/neuter clinic at the East Valley Animal Services Center is critical to our spay/neuter operations and the surrounding community.

Approval of this request will provide convenient onsite spay/neuter and other veterinary services at our East Valley Animal Services Center, help to facilitate the pet adoption process, and provide spay/neuter services for City residents participating in the City's low income and free Certificate Program.

Section VII. Scope of Services

The Contractor shall be the sole operator of the Clinic and shall operate the Clinic according to all federal, state, and local laws; shall provide spay/neuter services for adopted animals and animals owned by members of the public, and related veterinary medical services, as described herein; shall provide all staffing, equipment, and supplies; shall obtain all permits, licenses, and registrations required to operate the Clinic; and shall coordinate with Department staff to provide these services, as stipulated herein. In particular, the services to be provided are as follows:

A. Surgical Sterilizations

The Contractor shall:

1. Perform spay and neuter surgeries on all shelter animals provided by Department during each day of operation and shall reserve an adequate portion of its daily surgeries for shelter animals.

The number of animals provided by the Department each day will fluctuate depending on need. A typical day may include the following animals provided by the Department:

Animal	Typical Daily Minimum:
Dogs (any breed, size, or gender)	Ten
Female Cats (any breed or size over 2.5 lbs.)	Five
Male Cats (any breed or size over 2.5 lbs.)	Unlimited
Rabbits (any breed, size, or gender)	Two

2. Coordinate with Department during special events or other occurrences, or when shelter animal occupancy increases near to or meets its capacity. Contractor will make reasonable efforts to accommodate additional surgeries if requested by Department.
3. Not reject Department animals without just cause notified to and supported by Shelter staff.
4. Perform an approximate estimate of 40 surgeries per day consisting of both shelter animals and animals from the public.
5. Perform pre-surgical physical examinations on all surgical candidates to determine if an animal is qualified for surgical treatment.
6. Perform other ancillary medical procedures associated with surgical sterilizations, according to the provisions outlined below:
 - a. The Contractor will conform to all surgical standards as required by the California Veterinary Medicine Practice Act (CVMPA).
 - b. Animals deemed unfit or unhealthy by a veterinarian may be rejected for surgical sterilization.
 - c. Animals that are pregnant, in estrus, cryptorchid, or have any other medical condition outside the scope of a healthy animal sterilization, may be surgically sterilized at the discretion of the Contractor's veterinarian.
 - d. Owners of older animals that may require pre-surgical, geriatric blood screening may be referred to a private veterinarian prior to sterilization at Contractors discretion.
 - e. If during surgery, the animal is discovered to be already sterilized, the same fee that would have been charged for a standard sterilization shall be charged.

B. Microchips

For dogs, cats or rabbits brought in to the Clinic by the public, Contractor shall offer microchips at a price listed on Contractor's price schedule and subject to Department approval. Contractor shall provide the owner (for owned animals) and Department (for shelter animals) with the microchip number. Contractor shall also provide the Department with the microchip number and owner information for the owned animals.

C. Licensing

The Contractor will make reasonable efforts to assist the Department in its efforts to license all dogs within its jurisdiction by providing, along with any other reporting requirements, a monthly report on the dogs entrusted to their care for sterilization to include the following information:

- Dog's name
- Breed of dog
- Owner's name
- Owner's address and phone number
- Dog's license information or lack thereof
- Microchip information

The Contractor shall inform dog owners that a license is required by law and encourage and assist owners to obtain a license and attempt to sell dog licenses or puppy certificates for dogs brought in for veterinary services by persons residing in the City of Los Angeles whose dogs are not licensed. For this service the Contractor will be paid \$2.00 or such other amount as determined by the Board of Animal Services Commissioners and approved by the City Council, for each dog license or puppy certificate sold consistent with the guidelines established by the Department. This Section C shall exclude dogs that are adopted from the Shelter and sent to Contractor by the Department for spay/neuter or related services as part of the adoption process.

D. Emergency Medical Treatment

Contractor shall monitor all animals under its care and control for post-surgical complications and shall provide appropriate post-surgery medical treatment to animals in the event of an emergency related to the surgery, at no additional cost to the City or the pet owner, so long as such complications are discovered while the animal is under the Contractor's care and control and are determined to be normally-anticipated complications of surgical sterilization. However, Contractor shall not be liable for complications due to prior illness or conditions that are not directly related to surgical procedures, and may charge the City (or the owner) for such aftercare if these conditions could not have been reasonably determined before surgery.

The Contractor shall provide appropriate medical treatment to animals in the event of medical emergencies for animals in the care and control of the Contractor. The Contractor will stabilize the animal in the event the animal needs to be transported to another private veterinary hospital, which will be at no additional cost to the City or the pet owner if the emergency is determined to be related to or caused by the sterilization surgery.

Charges for medical emergency treatment for animals in the care and control of the Contractor but not caused as a result of the sterilization by the Contractor, either by the Contractor or at referred veterinary hospitals that are pre-approved by the Department, may be charged to the pet owner, as described in the Contractor's consent form authorizing spay/neuter surgery.

E. Care of Animals

1. Contractor's care of animals in its custody shall be in conformance with all federal, state, and local humane laws and statutes. A California-licensed veterinary technician, or equivalent, shall remain on duty following the procedure until each animal's recovery status meets the conditions set forth by the CVMPA to send home with his or her owner or transfer to the care of Shelter staff, depending on where the animal came from.
2. Owned animals unclaimed by owner(s) at the end of the business day shall be kept overnight at the Clinic while reasonable efforts are made by the Contractor to contact the pet owner. Animals unclaimed by owners are considered "abandoned" under State law, and Contractor must follow State abandonment law procedures. Animals that have been

adopted and sent to the Contractor for sterilization may be returned to the shelter if the owner does not pick up the animal at the close of business. However, the Contractor may use reasonable efforts to contact the owner and arrange to keep the animal for a longer, and mutually agreeable period.

3. All pre-adopted animals shall be released on the day of surgery to their owners if, and at such time, as medically safe to do so. Animals that are not pre-adopted shall be released to the Department at such time as medically safe to do so.

F. Release of Animals

All animals shall be released to pet owners or adopters with post-operative instructions, including emergency telephone numbers. Should complications occur, the Contractor shall retain responsibility and care for the animal until the complication is abated.

G. Wellness Clinics

As part of this Agreement, the Department has expressed its desire for the operation of a Wellness Clinic by Contractor. When the contract is ratified and the Clinic is operational, a contract modification may be negotiated between the parties.

H. Optional Services and Additional Fees to the Public

The Contractor may offer to the public additional services, provided that the written approval is received from the pet owner. Pricing of these services shall be at the Contractor's discretion, subject to Department approval. The Department shall be notified of any price increase 30 days prior to the effective date and must grant approval of said increase. Once approval has been granted the Contractor shall post the increases and notify the public no less than 14 calendar days before the increases become effective. The notice of new prices shall be posted in a conspicuous place in the Contractor's clinic and if applicable, in its online presence and must indicate the effective date. The Department encourages pricing that maximizes the public's ability to obtain needed services for their pets.

I. Operational Requirements

1. Maintaining a Written Protocol of Procedures

Contractor shall maintain at all times an approved written protocol detailing all procedures, including, but not limited to animal handling, vaccination, anesthesia surgery guidelines, and drug inventory. This protocol must be available for review and approval by the Department at the inception of this Agreement and at all times during its term. The Contractor shall post this protocol in a public area at all times.

2. Days and Hours of Operation

Contractor shall provide spay and neuter services a minimum of four days per week.
