ORDINANCE NO. 185926

An ordinance amending Section 12.04 of the Los Angeles Municipal Code by amending the zoning map.

THE PEOPLE OF THE CITY OF LOS ANGELES DO ORDAIN AS FOLLOWS:

Section 1. Section 12.04 of the Los Angeles Municipal Code is hereby amended by changing the zones and zone boundaries shown upon a portion of the Zoning Map attached thereto and made a part of Article 2, Chapter 1 of the Los Angeles Municipal Code, so that such portion of the Zoning Map shall set forth the zones and height districts as shown on the attached Zone and Height District Change Ordinance Maps and the Table for Section 2 and the Table for Section 3 attached hereto and incorporated herein by this reference, consistent with the provisions in Sections 2 and 3. The attached maps set forth the changes of zone or height district effectuated by this Ordinance.

City of Los Angeles

Sec. 2. The intent of this Ordinance is to change the zones and height districts of properties in the South Los Angeles Community Plan area as part of the implementation of an update to the South Los Angeles Community Plan (Community Plan Update). Because of the numerous parcels affected by the Community Plan Update, the City Council has approved this form of ordinance which utilizes subarea designations, tables, and a map to establish the location of the affected properties and to make the necessary changes.

All zone and height district changes proposed by this Ordinance are identified in the Table, below, identified as "Table for Section 2 – Zone and Height District Changes," (hereinafter, "Table for Section 2"). In the Table for Section 2 there are three columns. The first column titled, "Subarea No.," identifies an area of land that is particularly delineated on the attached map by that subarea number. The second column, titled "Existing Zone and Height District," identifies the existing zoning classification and height district classification for the corresponding subarea prior to adoption of the Ordinance and is provided for informational purposes. The third column, titled "New Zone and/or Height District," identifies the zoning classification and height district classification for the corresponding subarea effectuated by the Ordinance.

Development that is not consistent with Ordinance No. 171523 and the entitlements found in City Planning Case No. CPC-96-0173-ZC-GPA shall comply with the South LA CPIO.

Sec. 3. Pursuant to Section 12.32 G of the Los Angeles Municipal Code, and any amendment thereto, the following limitations are hereby imposed upon the use of that property described in Section 1, which is subject to a Permanent "Q" Qualified Classification or "D" Development Limitation.

All of the "Q" Qualified Classification or "D" Development Limitations proposed by this Ordinance are identified in the Table, below, titled, "Table for Section 3 - 'Q' Conditions and 'D' Limitations," (hereinafter "Table for Section 3"). In the Table for Section 3 there are three columns. The first column titled, "Subarea No.," identifies an area of land that is particularly delineated on the attached map by that subarea and identified in the Table for Section 2. The second column, titled, "New Zone and/or Height District," identifies the zone and height district classifications effectuated by this Ordinance for the corresponding subarea. The third column, titled, "Conditions and Limitations," identifies the conditions and limitations imposed by the "Q" Qualified Classification and/or "D" Development Limitation, as applicable.

Sec. 4. This Ordinance shall supercede any existing ordinance imposing "Q" Qualified Conditions or "D" Development Limitations for any property subject to a change of zone, height district, "Q" Qualified Condition, or "D" Development Limitation for a subarea, or a portion thereof, by this Ordinance.

Sec. 5. URGENCY CLAUSE. The City Council finds and declares that this ordinance is required for the immediate protection of the public peace, health, and safety for the following reasons: The City of Los Angeles is already in the midst of a housing and employment crisis; any further delay in implementing this ordinance will harm the City's efforts to increase the construction of new housing units and the creation of new jobs that are consistent with the goals, policies, priorities and objectives of the South Los Angeles Community Plan Update. The continued processing of building and demolition permits without the protections of this ordinance will result in the loss of irreplaceable, historically significant residential structures and result in the underutilization of commercial and industrial zoned areas. In order to address the threat to the public peace, health and safety of the residents, property owners, and visitors in this community plan area, there must be an increase in the number of land use protections, programs and incentives available to respond to the development pressures and escalating land use conflicts. For all these reasons, the South Los Angeles CPIO Ordinance shall become effective upon publication pursuant to Section 253 of the Los Angeles City Charter.
