Comments for Public Posting: I am 100% in favor of not permitting tour buses up or down Outpost Drive and the side streets in our neighborhood! I hear the buses loud speakers when my windows are open and they cause congestion as the stop and talk about houses on there way through the neighborhood!

Comments for Public Posting: The tour buses are elevating the noise level of Outpost Drive to an untenable level as drivers speak into amplified microphone systems, (though apparently they've been told not to do so.) Any peace of mind one wishes to have in one's home is obliterated several times a day by these vans. When walking in my neighborhood, I have also been called out to on several occasions by bus drivers, who are telling their passengers that I am someone famous. It's invasive to my privacy, and in injustice to paying customers on those tours. I strongly urge you vote to prohibit all tour buses in Outpost Estates, on Mulholland, and surrounding environs. Thank you for your time.

Comments for Public Posting: Please pass the No tour bus street restrictions. Communities have been plagued by the invasive and abusive use of tour buses. They must be stopped. They are dangerous and noisy and invasive!
PASS THIS ORDINANCE/BILL PLEASE!!!!

Comments for Public Posting: I would like to invite council members to support this resolution. Tour busses have become extreme dangerous and sooner or later we will witness a serious accident. 1. Tour busses are not safely operating on our streets. They stop in the middle of the road and block traffic, drive very slowly, and it's very dangerous, especially on Mulholland where there are sharp turns and it is hard to see a stopped or slow tour bus around a curve. On Mulholland alone there are plenty of "no stopping" signs that tour busses simply ignore and several times when I pointed on many occasions the sign to the drivers, the most polite response I got was "screw you" 2. Tour busses are a nuisance in the community and have loud microphones/speakers that interrupt the peaceful enjoyment of our homes. 3. Tour busses are telling their customers lies on celebrities living in homes that don't actually live there. Then people try to come back to those homes and stalk celebrities that don't live there. Many reports in the neighborhood of tourists/fans breaking into homes because they think a celebrity lives there. 4. Tour busses do bring good tourism to our town, but they should operate within reason and go to the dedicated outlook points and not stop in the middle of the street. Our neighborhood small streets are not designed for this. Thank you for supporting this resolution.

Comments for Public Posting: I am living off Mulholland above Outpost. TOURBUSES stop regularly below my house using their loudspeaker pointing out celebrity homes whose information is wrong and at times it feels like I am living in bus central!!! One bus company seems to top all of them: HOLLYWOOD BUS TOURS! Their voices, and each word are heard all over my home. Also, I do hike daily on Mulholland and the loud speakers echo thru the neighborhood. all along Mulholland Drive. What is also very upsetting is that tourists throw out their garbage along Mulholland Drive. The Tourbus Companies should be made responsible for cleaning!
