Good day, I am opposing to removing dog/cat limits in LA and am writing in opposition to **CF 17-1237-S1**.

There is no way animal control can handle problems this amount of pets will have, including increased dog fighting and attacks from dangerous breeds like Pitbulls, Mastiffs and Rottweilers that will occur.

Public safety and the lives of children, adults and other pets should be priority number 1 in LA, and this unjust motion is being forced though with little debate or discussion!!

Do your job and focus on public safety, not lining the pockets of shelters or the pit lobby!!

Sincerely
John Bristol

I say this as a dog-lover. Do NOT permit unlimited dogs. This can go wrong in so many ways. My own cousins in Chicago rescue dogs and cats, and it is unbearable to be in or near their house. The smells, the noise, the complaints from neighbors. Please, NOOOO!
