Great Idea,
Now breeder will not have to have kennels, they can just raise them in their house.

Wow, This is unbelievable that someone could conceive an idea of having Unlimited Dogs in the city and in apartments by rescue groups.

Shall I tell you as an owner of rental units my experience with rescue dogs, (which by the way, I love dogs)

How about sneaking in 3 dogs and committing suicide, leaving me to clean the destruction that cost about 30,000

How about recently, bringing 4 dogs when they said they had no dogs.

How about me having to go to court about rescue dogs that were brought in without my knowledge.

Shall I go on.

We are notifying Homeowner association of the unpublished vote at city council. I am very disturbed

People taking in dogs they cannot afford to feed, to take to a vet, that are hoarders, Barking doesn't matter?

How can you do this to the animals and the loss of home value's next to the kennels, Oh, yes, you use another name, but you are proposing kennels.

We would appreciate a reply
