Council File No: 18-0534-S1

Comments for Public Posting: I am a Hollywood resident and CD13 constituent, commenting in support. Thank you for this effort to add amenities in the community. In addition to offering public restrooms and visitor information, this site can provide public drinking fountains with a bottle refill machine. LADWP has supported such facilities through its Hydration Station Initiative Program:
<https://www.ladwp.com/who-we-are/water-system/water-quality/hydration-station-initiative-program>.
Including water fountains and a refill station will help community members deal with any hot days and not need to search as much for free hydration elsewhere.
