Comments for Public Posting: Committed members voted YES on the Right To Consuel Ordinance Version A, which provides free legal services to tenants facing eviction. I just experienced an eviction situation in April because the owner did not want to accept a late rent payment. After living in the building for so many years and being good tenants, the owner just felt irritated over a late payment and wanted to start an eviction order. I started to look for help and resources to guide me through. Thanks to God, I found resources but not free legal services. Help the citizens facing evictions keep a roof on their heads.
