Dear Mr. Villanueva:

Please add the attached letters to the Council File Management System as "Communication from the Public" in Council Files 18-0651, 18-0651-S1, 18-0651-S2, 18-0651-S3. The letter applies to all "A Bridge Home" sites in Council District 15, which is why I would like the same letter to appear in each Council File.

Would you be so kind as to confirm this letter is uploaded to the CFMS?

Thank you for your time.

Kind Regards,

Kathleen Martin

Dear Councilmember Buscaino:

I am in support of Mayor Garcetti's Bridge Home project sites located in San Pedro, Wilmington, and Watts. As a Council District 15 stakeholder/resident, I am very concerned for the wellbeing of our more than 1,790 neighbors experiencing homelessness throughout the Council District.

It is imperative that we address this crisis in a swift, strategic, and responsive manner. I believe that the Bridge Home projects are a necessary part of the homeless service continuum while we are waiting for more affordable and supportive housing resources to be developed to address this crisis in a more permanent manner.

Thank you for your leadership on this issue.
