Summary: Natural and man-made disasters pose a serious risk to the City and its residents. A major earthquake or fire will place significant strains on the City's first responders. The Fire Department has recently implemented a pilot program where they store emergency supply bins at fire stations in order to provide CERT members with tools and supplies for use during an emergency. More can be done to provide essential supplies to residents following a major disaster. The Tarzana Neighborhood Council supports CF# 18-0786 to create a pilot program to place bins at City facilities within the boundaries of each Neighborhood Council.
