Comments for Public Posting: Hello, I am a member of the Los Angeles Youth First Tobacco Coalition. I want to urge the City Council to be prompt in scheduling the next meeting to review the draft of the ordinance and pass it as soon as possible because we need to protect our youth as they are going back to school. Working in LA, I've seen many youth that seem to be underage sharing these vaping products with their friends and exposing their peers to second-hand smoke. 80% of youth who used tobacco started with a flavored product and as youth are going back to school currently, they will be continued to be exposed to these products if a strong ordinance is not in effect by now. Thank you.
