INNOVATION PROGRAM – (COUNCIL FILE #18-1219)

RECOMMENDED ACTIONS

1. That the Board of Police Commissioners (Board) REVIEW and APPROVE this report.
2. That the Board TRANSMIT the attached grant modifications, pursuant to Administrative Code Section 14.6(a), to the Mayor, Office of the City Administrative Officer (CAO), Office of the Chief Legislative Analyst and to the City Clerk for Committee and City Council reference.
3. That the Board REQUEST the Mayor and City Council to:
 - A. AUTHORIZE the Chief of Police, or his designee, to amend and execute Contract 133903 with Justice & Security Strategies, Inc. (JSS), increasing its budget by \$150,000 and expanding its scope of work, subject to the approval of the City Attorney as to form and legality;
 - B. AUTHORIZE the LAPD to prepare Controller Instructions for any technical adjustments, subject to the approval of the CAO, and AUTHORIZE and INSTRUCT the Controller to implement the instructions.

DISCUSSION

The 2018 Strategies for Policing Innovation Program grant provides funding to police agencies to identify and address the most pressing crime problems; to institute lasting operational and organizational changes; and, to foster reliance on evidence-based practices, data, and technology. The LAPD, partnering with JSS and the University of California Los Angeles (UCLA), plans to employ innovative techniques to analyze data from murder books and construct a new investigative, evidence-based tool for use in the field.

The initial grant budget allocated \$150,000 to UCLA to assist with machine learning, deep neural networks, and other advanced mathematical techniques. However, UCLA was unable to enter into contract with the LAPD. The Department of Justice, Bureau of Justice Assistance has approved LAPD's budget modification request for UCLA's allocation to be added to the JSS contract to perform the scope of work originally contracted to UCLA. The JSS will collaborate with Indiana University using machine learning techniques to analyze homicide data.
