Comments for Public Posting: Property owners support our city by paying taxes and being good citizens by taking good care of our homes and our surroundings. This contributes to the funds and budget of the city and community and everyone's well being. Too many restrictive rules and regulations either by elected officials and or lobbying bodies like hotels may cause home owners to loose their home, sell and move out of the city further causing foreclosures and community blight eroding schools and other infrastructure. Please allow regular home owners to continue to survive in their homes, pay taxes and positivity contribute to our community. And let's spend our time and resources going after a few bad actors who abuse the vacation and home sharing allowance instead of blaming all home owners.
