Subject: Vaccine Mandates  
To: cityclerk@lacity.org <cityclerk@lacity.org>

Dear Ms. Wolcott,

As my government official, who represents me and all the people of Los Angeles, and California respectively, I want to take this opportunity to respectfully, but adamantly, ask you to oppose the vaccine mandates which would require public entering businesses or other venues, including supermarkets and retail stores, to show proof of vaccine before they can enter.

I am making this request because first, and foremost, I think any medical decisions should be made by the individual and that includes whether or not to get vaccines and specifically the vaccine for Covid 19. To mandate that a person get the vaccine, or they cannot basically go out into society and participate in activities – the very society and city they pay taxes to support is unfair and unconstitutional.

The science of this virus does not demonstrate that it is necessary that all are vaccinated to prevent widespread contagion and loss of life. In fact, there are several, proven remedies to help a person strengthen his/her immune system naturally, Vitamin C, D, zinc, etc. There are also proven, effective and known remedies that treat the Covid virus including ivermectin, hydroxychloroquine (the malaria drug) in combination with Vitamin C, zinc, etc.

If a person wants to choose to get the vaccine, then fine but if a person wants to choose to use other, natural methods, they should be allowed to and not forced into a one size fits all remedy.

The numbers of cases do not warrant the continual shutdown and destruction of our economy.

I ask that you PLEASE step back and take a real look at this and not be afraid of the fear-mongering news and vote against any vaccine mandates for Los Angeles citizens, especially any denying access to places open to the public, including stores, and ability to work. Stand up for yourself and your family and all your constituents and uphold our Freedom and our American right to life, liberty, and the pursuit of happiness.

Thank you very much,

Marianne Ditko

Sylmar, CA
