Clerk of Council and Public Services,

A 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Please don't let short-term rentals crowd out affordable housing in our city.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you.

Clerk of Council and Public Services,

Hello I am a voting student in your district going to school at USC. I heard Councilmembers are considering a loophole to allow the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units. Thousands of housing units have already been lost to short-term rentals. It should be illegal to convert housing into a de-facto hotel. How can you say you are fighting homelessness but then give away thousands of units of housing to wealthy property owners?

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Our city should be focused on providing adequate and safe housing to its more vulnerable citizens, and not worry about a smaller wealthier group's ability to make more money on their second, third, fourth home.
