Clerk of Council and Public Services,

A 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Please don't let short-term rentals crowd out affordable housing in our city.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you.

Clerk of Council and Public Services,

We face evictions, homelessness, and rising rents. LA has an affordable housing crisis. The proposed Vacation Rental Ordinance would make it much worse by allowing the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Clerk of Council and Public Services,

Councilmembers are considering a loophole to allow the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units. Thousands of housing units have already been lost to short-term rentals. It should be illegal to convert housing into a de-facto hotel. How can you say you are fighting homelessness but then give away thousands of units of housing to wealthy property owners?

Clerk of Council and Public Services,

Councilmembers are considering a loophole to allow the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units. Thousands of housing units have already been lost to short-term rentals. It should be illegal to convert housing into a de-facto hotel. How can you say you are fighting homelessness but then give away thousands of units of housing to wealthy property owners?

I mean, as someone approaching 30, its just insulting that the rich can have a second home when ive lived on fucking concrete because both rent and affordability are strangling me. It males me want to die. I hope you and they appreciate just how much easier it will make your life if I go and do that, at the cost of my family losing everything.

Clerk of Council and Public Services,

Councilmembers are considering a loophole to allow the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units. Thousands of housing units have already been lost to short-term rentals. It should be illegal to convert housing into a de-facto hotel. How can you say you are fighting homelessness but then give away thousands of units of housing to wealthy property owners?

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you
