Hon. Councilmember McOsker,

I just learned that The Budget and Finance Committee is considering efforts to expand and further review the Vacation Rentals Ordinance. I urge you to vote NO and stop a report on the ordinance from being brought back by removing Recommendation #6 of Item 4 on your agenda.

Los Angeles has already acknowledged the damage caused by short term rentals and approved new enforcement tools to crack down on illegal activity. Expanding STRs to second homes will create new loopholes, reduce housing supply, and undermine existing protections that prioritize homes for long term residents.

Please reject this harmful proposal immediately and fight for reasonable housing in Los Angeles. Thank you.
