PLUM Committee Members,

Good Day,

Please leave communities alone & do not change laws so homes in our communities can be used as hotels or party houses. Party houses are dangerous & have ended in tragedy countless times. We don't want random strangers renting homes in our neighborhoods. Please use common sense & don't let money make you greedy at our expense. Have compassion for those that pay property taxes. If a party house was next door to my house there would be problems constantly. As I wouldn't sit by & let them party while my kids watch their uncouth behavior that should be saved for a place like Vegas or something.

Sincerely

Regine Patterson,

Full time working Mom & Wife & home owner

PLUM Committee Members,

Seriously?! This is an insane & irresponsible farce of an idea.

I am no doubt less responsible than most humans yet I see this as a horrible plan with little positive outcome and potentially huge consequences. We are living during an unprecedented pandemic with a long way to go & THIS is being put on the table?!

To endorse such a ridiculous notion is to commit political suicide IMHO.

And what about the neighbors?

If you believe this is a good idea...if you vote for this I urge you to prove it and designate a home in your neighborhood as close as possible to your home and your family as a party house or motel room. Otherwise you're just another crooked yes man.

Do the right thing. Please.

This is simply foolishness.

Thank you,

Dominic Perrotta

I am writing urging you to oppose the unnecessary, damaging vacation rental ordinance. The emergence and proliferation of unregulated short term rentals have been proven to demonstrate negative impacts on the existing regional housing crisis, neighborhood character, and local code enforcement. The vacation rentals ordinance will undermine critical protections for our neighborhood that we fought years to achieve. Please vote NO

PLUM Committee Members,

To Whom It May Concern,

I'm writing to ask that you please stop the vacation rentals ordinance. Our homes and apartments should be for our neighbors, not turned into hotels.

This is especially the case with evictions on the rise, a pandemic underway and an increasing divide between those who have well paying jobs, housing security and discretionary income — and those who are barely scraping by.

I stay in Airbnbs but would happily pay more to stay in a hotel to stop policies like these that will hurt people who are already in pain.

Please stop it.

Thanks,
Hannah

PLUM Committee Members,

There is a housing crisis.

We have all watched the homeless population grow as rents rise.

Legislation consistently favors those who want the ability to increase their already established wealth.

I am a renter. Living in CA with my career... I probably always will be. I've made peace with that. But all I ask is that we not exacerbate an already CRITICAL shortage of available housing, which will inevitably lead to the ceaseless increase of rents.

Rich get richer. Poor stay poor.

Who elected you? What do you represent? The stability of the working poor, or the exponential growth of a thin layer of wealth at the top of this population?

America is broken. Bleeding. Please help me. Please help my 2 yr old son.

Please stop the vacation rentals ordinance. Our homes and apartments should be for our neighbors, not turned into hotels.

PLUM Committee Members,

I am writing urging you to protect property rights of owners. They in no way are obligated to be told how to rent their property. If they want to use airbnb the city should in now way go against that. It is not the government's right to force people to rent to anyone they dont want to. The housing crisis is not at the fault of home and property owners. It is at the negligence of our local government with endless taxes and government overreach. Our housing and homeless problem is at the fault of our local government. The last thing We need is for the government to get more involved. We need them to get less involved. The government has no right to interfere with the private sector which includes property rights.

PLUM Committee Members,

I am sending you this letter to urge you to oppose the unnecessary, damaging vacation rental ordinance. Thousands of units needed by citizens of Los Angeles have been lost to short-term rentals. The vacation rentals ordinance will undermine vital housing protections that Angelenos fought for years to achieve. Please stop the ordinance and protect housing for our community.

There's plenty of people living on the streets instead of trying to help the people in this city our tax dollars are going to cater to the rich again over and over as children and people go hungry in this state! What the high taxes that every citizen pays in this state it is unfathomableHow still the people in the streets are being ignored honestly there should be a huge revolt in a protest against the robbery that is going on in California

PLUM Committee Members,

Please stop the vacation rentals ordinance. Our homes and apartments should be for our neighbors, not turned into hotels. This is a violation of a private citizens right to own real property. An owner of private property pays their property taxes, mortgage, and other necessary fees and has the right to do as they as they see fit. Public entities and governments have to right to excercise this authority over a private owners land with our fair and adequate compensation.

PLUM Committee Members,

Thousands of units have been lost to short-term rentals. The vacation rentals ordinance will undermine critical housing protections that Angelenos fought years to achieve. Please stop the vacation rentals ordinance. The homeless crises we are experiencing will only get worse if these units are no longer available to long term tenants. Bring down rental costs don't take the rentals away.

I AM IN FULL SUPPORT of the Vacation Rentals Ordinance (CF #18-1246)

PLUM Committee Members,

I am writing to express my FULL SUPPORT of the vacation rental ordinance!!! People who own a little bit of property DESPERATELY need to be able to make money from vacation rentals in order to be able to afford their mortgages, maintenance & repair, property taxes - basically all the expenses that are involved with owning a property. MANY of these people are just regular working class or middle class people desperately trying to create a nest egg for retirement or pass a little something along to their children. If you have a way of going after the "ultra wealthy corporate class" - then fine, go ahead and do that. But preventing vacation rentals does not go after the ultra wealthy. It goes after middle class people that own a property or 2 and are just trying to make ends meet!!! PROTECT THE MIDDLE CLASS AND ALLOW VACATION RENTALS!!! Also, how does preventing vacation rentals IN ANY WAY SHAPE OR FORM effect homelessness? It is not as if once you prevent vacation rentals the n that housing would somehow automatically be allocated to the homeless. What braintrust even linked these 2 things together? If vacation rentals are not allowed, owners, unable to afford the cost of the property, will simply sell. Most likely to a corporation that will turn the property into condos. So, nowhere along the line does disallowing vacation rentals equal an increase in housing for the homeless. The only thing that will do that is the city building and maintaining housing for the homeless, which has nothing to do with vacation rentals. ***

PLUM Committee Members,

Please stop the vacation rentals ordinance. Our homes and apartments should be for our neighbors, not turned into hotels. This could further incentivize landlords to pressure low-income tenants to self-evict by harassment. It is unconscionable for our City to consider removing housing from the long-term rental market during a global pandemic while tenants are being displaced and homelessness is increasing. PLUM, please consider who really needs your protection: working Angelenos trying to stay in their homes, or the wealthiest among us trying to profit from second homes they don't live in?

PLUM Committee Members,

Thousands of units have been lost to short-term rentals. The vacation rentals ordinance will undermine critical housing protections that Angelenos fought years to achieve. Please stop the vacation rentals ordinance
