At: Wed, Nov 11, 2020 at 8:57 PM

PLUM Committee Members,

Thousands of units have been lost to short-term rentals. The vacation rentals ordinance will undermine critical housing protections that Angelenos fought years to achieve. Please stop the vacation rentals ordinance. This City needs to put it's people above the profits of land lords and tourism. It's a shame that our unhoused veterans are living in tents while thousands of vacation rentals sit empty just because the city council doesn't have the guts to do whats right. Shame.

At: Thu, Nov 12, 2020 at 6:14 AM

PLUM Committee Members,

Please provide the ability for Angelenos to have affordable housing before making homes and units available for services like Airbnb. I love using Airbnb, but there must be a limit which allows residents to be #1. Tourists cannot come Los Angeles if housing is so expensive and inaccessible in LA that those who provide all the services tourists enjoy can not afford to live here anymore. It is both not compassionate and not good cultural or economic policy to lose these homes to hotel-like rentals.

Thousands of units have been lost to short-term rentals. The vacation rentals ordinance will undermine critical housing protections that Angelenos fought years to achieve. Please stop the vacation rentals ordinance.

PLUM Committee Members,

Thousands of units have been lost to short-term rentals. The vacation rentals ordinance will undermine critical housing protections that Angelenos fought years to achieve. Please stop the vacation rentals ordinance. As we remain trapped in a pandemic, we need to use every available tool to keep people in housing and offer them housing units, we cannot afford to let people turn their housing into party houses that just spread COVID-19. We need permanent supportive housing and we need it now!

PLUM Committee Members,

The time has come for the LA City Council to acknowledge their role in the moral and ethical identity of the city. Never before has there been an opportunity for you to choose the side of right. If you allow a loophole for wealthy constituents in the short term rental ordinance, you will show yourselves to be lowly and unworthy of representing Angelenos who have been BEGGING for your mercy. We all see you and will vote you out one by one if you refuse to get a grip on your priorities.

Thousands of units have been lost to short-term rentals. The vacation rentals ordinance will undermine critical housing protections that Angelenos fought years to achieve. Please stop the vacation rentals ordinance! Do what is right.

PLUM Committee Members,

I live in Venice, where homelessness and lack of affordable housing are rampant. Each day, a once-affordable home is converted into a vacation rental or bought up by the super-wealthy. We are in the middle of a Pandemic. Losing homes/apartments to the partying elite should be the last acceptable decision, especially until this virus is under control.

PLUM Committee Members,

Please stop the vacation rentals ordinance. Our homes and apartments should be for our neighbors, not turned into hotels.

The housing crisis in Los Angeles is only getting worse, and taking available housing out of reach will not make things better. We have plenty of hotels standing empty in Los Angeles already; the answer is not to make more units available for this purpose.

Please, put people first. Keep housing within reach.

At: Thu, Nov 12, 2020 at 10:22 AM

PLUM Committee Members,

Please stop the vacation rentals ordinance.

In the midst of Los Angeles' homelessness crisis and housing shortage, we need to preserve the existing housing stock for residents and keep costs more affordable. AirBNB and other home sharing puts increased pressure on our already exhausted housing stock. Our homes and apartments should be for our neighbors, not turned into hotels.

I urge you to stop the vacation rentals ordinance and put residents first.

Thank you for your consideration.

PLUM Committee Members,

Would you vote to stop the vacation rentals ordinance? So many apartments and homes in my neighborhood of echo park have turned into vacation rentals. Our sense of community is slipping away.

Just look at echo park lake, all of the people living in tents (which consume a sizable portion of the park) deserve to live in an apartment or house. If we keep removing housing stock how is our homelessness problem going to be fixed?

Let's rebuild our neighborhoods by adding neighbors. Let's reclaim our public park space by allowing housing to become available.

Hotels already exist. Let people stay there. It's up to hotel owners to make their businesses attractive to people on vacation.

Thank you,

Tim Ford

Dear PLUM Committee, Council President and Mayor Garcetti -

Please help me save my home. I am a part of an organization called Homeshare Alliance Los Angeles (HALA) that fights for fair regulation for the working-class mom and pop short term rental hosts. We are volunteer-based, grassroots, not affiliated or funded by any booking platforms and we desperately depend on the supplemental income from short term renting one secondary residence.

We support the passage of a Vacation Rental Ordinance that works for working-class hosts. However, the current version will allow only the privileged few to obtain permits. If passed into law, this ordinance would force thousands of Los Angeles homeowners to sell their property. In an incredibly expensive city like Los Angeles, residential mom and pop property owners are desperate to stabilize their property. This is especially true with the COVID-19 pandemic having left so many unemployed. Short-term rental income is the only source many HALA hosts have for income in this current economic climate. Short term renting one secondary residence can save someone from selling or foreclosure. There are thousands of us. Please consider recommending our changes to the CPC's Report. Not only do we hope to protect working-class hosts with our changes, we also hope to protect our wonderful neighborhoods with insightful suggestions for City Planning.

1) HALA asks the CPC for an ordinance name change from the city's "Vacation Rental Ordinance" (VRO) to "Secondary Residence Rental Ordinance" (SRRO).

The city needs to change the name. Vacation Rental does not include all the other host scenarios such as ADU, Duplex, Triplex, Fourplex, Condo owners. "Vacation" implies a different economic category whereas "Secondary Residence" is inclusive to many working-class property owners.

2) HALA asks the CPC for the Booking Night Cap to be 305 instead of the city draft of only 30 nights for short term rental bookings per calendar year.

These secondary residences are not available for long term rentals as they are used by the owners at least 60 days out of the year. Allowing the 305 nights of bookings will ensure the usage of these residences and positive effects on the local community.

3) HALA asks the CPC for Secondary Residences Rentals that are RSO (Rent Stabilized Ordinance) to be eligible for short term renting if they exist on a parcel with 4 or fewer dwelling units. The city wants to make them all ineligible for Secondary Residence Short Term Rental. We need to change this.

By allowing RSO secondary residence rentals on parcels with four or fewer dwellings to short term rent, an owner can stabilize their residential property. Think of the homeowner who could not afford a Single Family Home, and could only afford a duplex. The unit is used intermittently for personal use and it is not available for long term renting. They should be able to short term rent that secondary residence. Think of the Fourplex owner who has two units rented far under market value. They need to be able to short term rent one secondary residence in order to stabilize their property. The city wants to hold on to their RSO units! If they do not give owners the ability to short term rent one of their secondary units, they will be forced to sell, a developer will come and Ellis Act all the RSO units, turn it into luxury unaffordable condos and those RSO units will never return to the housing market. These particular RSO units on parcels of four or fewer dwellings are used intermittently by the owner for personal use and are not available as a long term rental. Why penalize these property owners and leave the unit vacant for most of the calendar year?

4) HALA asks the CPC to allow an owner who Ellis Acted a unit on a parcel with four or fewer dwellings to short term rent the unit if no tenants were in residence at the time of Ellis Act Filing. The City draft makes Ellis Acted Units ineligible for short term renting.

The unit that was Ellis Acted is used intermittently by the owner for personal use and is not available as a long term rental. Why penalize these property owners and leave the unit vacant for most of the calendar year? It's an arbitrary disqualification and an unintended consequence for working-class hosts that have not removed any existing tenants.

5) HALA asks the CPC to allow an ADU that has been permitted prior to January 1, 2020, to be utilized as a secondary residence rental. The City Draft disqualifies them entirely.

Allowing an owner to short term rent their ADU truly stabilizes a working-class homeowner's ability to keep their property. (Only working-class homeowners have an ADU) In addition, allowing ADU's permitted prior to Jan 1, 2020, to short term rent as a secondary residence follows the California Law regarding ADU usage. The ADU is used intermittently by the owner for personal use and is not available as a long term rental. Why penalize these property owners and leave the ADU vacant for most of the calendar year?

6) HALA asks the CPC to grandfather in the hosts that were home-sharing ONE secondary residence and then place a cap at 1%. The city has written in the first draft an unreasonable cap of under 4000 for the entire Los Angeles. We need the CPC to protect all the existing hosts with a secondary residence.

There cannot be picking and choosing of who "wins" and gets to continue hosting their one secondary residence. The city needs to know that grandfathering in hosts that were home-sharing is reasonable and fair.

7) HALA asks the CPC to allow hosts to book two groups at one time per night. The City Draft allows only one.

By allowing two bookings per night, the host can actually have more guest quality control.

8) HALA asks PLUM to recommend stronger protections for neighborhoods.

a) Booking platforms must inform guests clearly prior to booking of city fines and fees regarding noise violations, nuisance violations, smoking in fire hazard zones, occupancy, and parking. Booking platforms must support and collect charges to guests if guests violate these city ordinances. This will help protect the neighborhood and host.

b) Booking platforms must revoke a guest's ability to review a host if the guest has broken a house rule regarding noise amplification, nuisance, parking, occupancy, or smoking. There are scenarios where a host will feel uncomfortable telling a guest to stop breaking a house rule, fearing a guest may leave a "retribution review" thus jeopardizing a host's "superhost" status resulting in fewer bookings. By removing the guest's ability to review, the host will have the freedom to act confidently when protecting the property and the neighboring community. It is a crucial edit that will support everyone in the secondary residence rental community.

9) HALA asks PLUM to ensure a landlord's secondary residence which has had a no-fault eviction or a harassment citation by a tenant within the past three years is ineligible for short-term renting. The City Draft does not have any specifications regarding this issue.

This would protect the tenant community from "bad actor" Hosts.

10) HALA asks PLUM to ensure that only a person can short term rent a secondary residence rental and not a corporation. The city has no insurances regarding this issue in its first draft.

Los Angeles needs to protect its housing stock from large corporations purchasing whole single-family homes and multi-unit properties in high multiples for commercial purposes and keep working-class property owners hosting.

11) HALA asks PLUM to ensure that City Planning takes a fair and reasonable fee of .5% per booked night and lowers the permitting fee to \$195/yr. The new per night booking fee of \$3.10 and the recommendations to raise registration fees are overly high - especially given how badly Planning is currently handling registration resulting in Hosts having their listings continually blocked even after paying the \$850 Extended Home Sharing fee.

The working class host cannot be left vulnerable to high permit fees and per night booking fee amount. We need the fees to be appropriate to the amount a host charges per night and the yearly permit should match that of a reasonable amount like HCIDLA. A host's per night booking amounts vary per neighborhood etc and the City per night booking fee cannot be a flat dollar amount, nor can they be overly high fees. It is inappropriate for the city to continue to tax hosts with high per night booking fees when these hosts are working class and need the necessary income to survive. City Planning should not be given the power to incur egregious fees from hosts. HCIDLA only requires a yearly fee of \$149 per RSO unit. City Planning should follow the same existing system of fees.

These are our asks. These recommendations to the Draft will save lives and save thousands of working-class homeowners.

Thank you for your consideration and thank you for all the service you do for our great city.

Sincerely,

HALA Member

Public Comments Not Uploaded Protect Our Housing / Vacation Rentals Ordinance (CF #18-1246)1 message

From: Reilly Loayza <info@email.actionnetwork.org>**To:** clerk.plumcommittee@lacity.org, clerk.cps@lacity.org**At:** Fri, Nov 13, 2020 at 10:05 AM

PLUM Committee Members,

Housing is a human right. It is a human rights violation that so much wealth can exist in a city and at the same time there are families who are forced into the streets because of systemic poverty and the economic collapse that has resulted from the criminal negligence of elected leaders in this country to adequately address public health.

I am writing urging you to oppose the unnecessary, damaging vacation rental ordinance. Thousands of units have been lost to short-term rentals. The vacation rentals ordinance will undermine critical housing protections that Angelenos fought years to achieve. Please stop the ordinance and protect our housing.

Subject: PLEASE allow LA residents to share their vacation homes!
To: Clerk <cityclerk@lacity.org>

Dear City Clerk,

My name is Eric and I have a vacation rental in Venice Beach. I have been an LA Airbnb host for Since 2017. I'm emailing to ask that you support the vacation rental ordinance with the changes recommended by the City Planning Commission and schedule the next hearing as soon as possible.

Thank you for working towards allowing us to host. However, as written, the proposed ordinance removes the ability for LA residents like myself to utilize short-term rentals as a crucial economic lifeline, and instead benefits big hotels. Paying a \$850 permit fee to operate a vacation rental for 90 days a year would be particularly harmful to me. Severely impacted and reduced our rental income

Airbnb hosts help support LA's tourism industry and generate critical economic activity. Visitors that stay at Airbnb listings help support small businesses in neighborhoods that have not traditionally benefited from the city's tourism economy, many of whom have been severely impacted by the pandemic.

I love our community and want to see my city thrive by supporting local travel and small businesses without overly restrictive regulations. Vacation rentals have been a part of LA for decades, and they make it possible for many families to visit the city affordably.

PLEASE schedule the next hearing for vacation rentals, support the planning commission's recommendations and work WITH us to develop sensible, balanced solutions that allow residents to share their vacation homes, protect the integrity of neighborhoods, and ensure hosts, guests, and communities across LA continue to receive the full economic benefits of short-term rentals.

Regards,
Eric Hashemian

Subject: Support vacation rentals in LA
To: Clerk <cityclerk@lacity.org>

Dear City Clerk,

My name is Samantha and I have a vacation rental in Venice beach.. I have been an LA Airbnb host for about 3 years now.. I'm emailing to ask that you support the vacation rental ordinance with the changes recommended by the City Planning Commission and schedule the next hearing as soon as possible.

Thank you for working towards allowing us to host. However, as written, the proposed ordinance removes the ability for LA residents like myself to utilize short-term rentals as a crucial economic lifeline, and instead benefits big hotels. Paying a \$850 permit fee to operate a vacation rental for 90 days a year would be particularly harmful to me. It has impacted my income from my vacation rental massively as I can only do long term stays due to my building being under rent control, not only is it hard to find someone that wants to stay over a month but it's hard to reason a good price with renters due to the huge city tax that is added on to monthly price because it is done by percentage of what the renter is paying. Even if I could stick to doing monthly rentals I could make ends meet if I must but if I could only rent my place 90 days out of the year I would have to stop hosting completely and possible go into foreclosure because I won't be able to keep up with the bills and no one is long term renting right now due to the pandemic. Almost everyone on my street has already moved out. Not only that but I'm already getting fewer and fewer renters interested in my place because of the pandemic travel bans and I am located right by the beach in Venice and the homeless population and crime rate rises every single day, travelers are starting to catch on to how unsafe you let the conditions of our city get and pretty soon we will have no travelers in Venice or Santa Monica and all your tax payers will leave as well, most of them already have.

Airbnb hosts help support LA's tourism industry and generate critical economic activity. Visitors that stay at Airbnb listings help support small businesses in neighborhoods that have not traditionally benefited from the city's tourism economy, many of whom have been severely impacted by the pandemic.

I love our community and want to see my city thrive by supporting local travel and small businesses without overly restrictive regulations. Vacation rentals have been a part of LA for decades, and they make it possible for many families to visit the city affordably.

PLEASE schedule the next hearing for vacation rentals, support the planning commission's recommendations and work WITH us to develop sensible, balanced solutions that allow residents to share their vacation homes, protect the integrity of neighborhoods, and ensure hosts, guests, and communities across LA continue to receive the full economic benefits of short-term rentals.

Dear PLUM Committee, Council President and Mayor Garcetti -

Please help me save my home. I am a part of an organization called Homeshare Alliance Los Angeles (HALA) that fights for fair regulation for the working-class mom and pop short term rental hosts. We are volunteer-based, grassroots, not affiliated or funded by any booking platforms and we desperately depend on the supplemental income from short term renting one secondary residence.

We support the passage of a Vacation Rental Ordinance that works for working-class hosts. However, the current version will allow only the privileged few to obtain permits. If passed into law, this ordinance would force thousands of Los Angeles homeowners to sell their property. In an incredibly expensive city like Los Angeles, residential mom and pop property owners are desperate to stabilize their property. This is especially true with the COVID-19 pandemic having left so many unemployed. Short-term rental income is the only source many HALA hosts have for income in this current economic climate. Short term renting one secondary residence can save someone from selling or foreclosure. There are thousands of us. Please consider recommending our changes to the CPC's Report. Not only do we hope to protect working-class hosts with our changes, we also hope to protect our wonderful neighborhoods with insightful suggestions for City Planning.

1) HALA asks the CPC for an ordinance name change from the city's "Vacation Rental Ordinance" (VRO) to "Secondary Residence Rental Ordinance" (SRRO).

The city needs to change the name. Vacation Rental does not include all the other host scenarios such as ADU, Duplex, Triplex, Fourplex, Condo owners. "Vacation" implies a different economic category whereas "Secondary Residence" is inclusive to many working-class property owners.

2) HALA asks the CPC for the Booking Night Cap to be 305 instead of the city draft of only 30 nights for short term rental bookings per calendar year.

These secondary residences are not available for long term rentals as they are used by the owners at least 60 days out of the year. Allowing the 305 nights of bookings will ensure the usage of these residences and positive effects on the local community.

3) HALA asks the CPC for Secondary Residences Rentals that are RSO (Rent Stabilized Ordinance) to be eligible for short term renting if they exist on a parcel with 4 or fewer dwelling units. The city wants to make them all ineligible for Secondary Residence Short Term Rental. We need to change this.

By allowing RSO secondary residence rentals on parcels with four or fewer dwellings to short term rent, an owner can stabilize their residential property. Think of the homeowner who could not afford a Single Family Home, and could only afford a duplex. The unit is used intermittently for personal use and it is not available for long term renting. They should be able to short term rent that secondary residence. Think of the Fourplex owner who has two units rented far under market value. They need to be able to short term rent one secondary residence in order to stabilize their property. The city wants to hold on to their RSO units! If they do not give owners the ability to short term rent one of their secondary units, they will be forced to sell, a developer will come and Ellis Act all the RSO units, turn it into luxury unaffordable condos and those RSO units will never return to the housing market. These particular RSO units on parcels of four or fewer dwellings are used intermittently by the owner for personal use and are not available as a long term rental. Why penalize these property owners and leave the unit vacant for most of the calendar year?

4) HALA asks the CPC to allow an owner who Ellis Acted a unit on a parcel with four or fewer dwellings to short term rent the unit if no tenants were in residence at the time of Ellis Act Filing. The City draft makes Ellis Acted Units ineligible for short term renting.

The unit that was Ellis Acted is used intermittently by the owner for personal use and is not available as a long term rental. Why penalize these property owners and leave the unit vacant for most of the calendar year? It's an arbitrary disqualification and an unintended consequence for working-class hosts that have not removed any existing tenants.

5) HALA asks the CPC to allow an ADU that has been permitted prior to January 1, 2020, to be utilized as a secondary residence rental. The City Draft disqualifies them entirely.

Allowing an owner to short term rent their ADU truly stabilizes a working-class homeowner's ability to keep their property. (Only working-class homeowners have an ADU) In addition, allowing ADU's permitted prior to Jan 1, 2020, to short term rent as a secondary residence follows the California Law regarding ADU usage. The ADU is used intermittently by the owner for personal use and is not available as a long term rental. Why penalize these property owners and leave the ADU vacant for most of the calendar year?

6) HALA asks the CPC to grandfather in the hosts that were home-sharing ONE secondary residence and then place a cap at 1%. The city has written in the first draft an unreasonable cap of under 4000 for the entire Los Angeles. We need the CPC to protect all the existing hosts with a secondary residence.

There cannot be picking and choosing of who "wins" and gets to continue hosting their one secondary residence. The city needs to know that grandfathering in hosts that were home-sharing is reasonable and fair.

7) HALA asks the CPC to allow hosts to book two groups at one time per night. The City Draft allows only one.

By allowing two bookings per night, the host can actually have more guest quality control.

8) HALA asks PLUM to recommend stronger protections for neighborhoods.

a) Booking platforms must inform guests clearly prior to booking of city fines and fees regarding noise violations, nuisance violations, smoking in fire hazard zones, occupancy, and parking. Booking platforms must support and collect charges to guests if guests violate these city ordinances. This will help protect the neighborhood and host.

b) Booking platforms must revoke a guest's ability to review a host if the guest has broken a house rule regarding noise amplification, nuisance, parking, occupancy, or smoking. There are scenarios where a host will feel uncomfortable telling a guest to stop breaking a house rule, fearing a guest may leave a "retribution review" thus jeopardizing a host's "superhost" status resulting in fewer bookings. By removing the guest's ability to review, the host will have the freedom to act confidently when protecting the property and the neighboring community. It is a crucial edit that will support everyone in the secondary residence rental community.

9) HALA asks PLUM to ensure a landlord's secondary residence which has had a no-fault eviction or a harassment citation by a tenant within the past three years is ineligible for short-term renting. The City Draft does not have any specifications regarding this issue.

This would protect the tenant community from "bad actor" Hosts.

10) HALA asks PLUM to ensure that only a person can short term rent a secondary residence rental and not a corporation. The city has no insurances regarding this issue in its first draft.

Los Angeles needs to protect its housing stock from large corporations purchasing whole single-family homes and multi-unit properties in high multiples for commercial purposes and keep working-class property owners hosting.

11) HALA asks PLUM to ensure that City Planning takes a fair and reasonable fee of .5% per booked night and lowers the permitting fee to \$195/yr. The new per night booking fee of \$3.10 and the recommendations to raise registration fees are overly high - especially given how badly Planning is currently handling registration resulting in Hosts having their listings continually blocked even after paying the \$850 Extended Home Sharing fee.

The working class host cannot be left vulnerable to high permit fees and per night booking fee amount. We need the fees to be appropriate to the amount a host charges per night and the yearly permit should match that of a reasonable amount like HCIDLA. A host's per night booking amounts vary per neighborhood etc and the City per night booking fee cannot be a flat dollar amount, nor can they be overly high fees. It is inappropriate for the city to continue to tax hosts with high per night booking fees when these hosts are working class and need the necessary income to survive. City Planning should not be given the power to incur egregious fees from hosts. HCIDLA only requires a yearly fee of \$149 per RSO unit. City Planning should follow the same existing system of fees.

These are our asks. These recommendations to the Draft will save lives and save thousands of working-class homeowners.

Thank you for your consideration and thank you for all the service you do for our great city.

Sincerely,
Alejandro Moreno

Subject: SUPPORT the Vacation Rental Ordinance WITH amendments

To: <councilmember.harris-dawson@lacity.org>, <councilmember.blumenfield@lacity.org>, <gilbert.cedillo@lacity.org>, <councilmember.price@lacity.org>, <councilmember.Lee@lacity.org>, <councilmember.martinez@lacity.org>, <Mayor.garcetti@lacity.org>, <CityClerk@lacity.org>, <info@homeshareallianceLosangeles.org>

Dear PLUM Committee, Council President and Mayor Garcetti -

Please help me save my home. I am a part of an organization called Homeshare Alliance Los Angeles (HALA) that fights for fair regulation for the working-class mom and pop short term rental hosts. We are volunteer-based, grassroots, not affiliated or funded by any booking platforms and we desperately depend on the supplemental income from short term renting one secondary residence.

We support the passage of a Vacation Rental Ordinance that works for working-class hosts. However, the current version will allow only the privileged few to obtain permits. If passed into law, this ordinance would force thousands of Los Angeles homeowners to sell their property. In an incredibly expensive city like Los Angeles, residential mom and pop property owners are desperate to stabilize their property. This is especially true with the COVID-19 pandemic having left so many unemployed. Short-term rental income is the only source many HALA hosts have for income in this current economic climate. Short term renting one secondary residence can save someone from selling or foreclosure. There are thousands of us. Please consider recommending our changes to the CPC's Report. Not only do we hope to protect working-class hosts with our changes, we also hope to protect our wonderful neighborhoods with insightful suggestions for City Planning.

1) HALA asks the CPC for an ordinance name change from the city's "Vacation Rental Ordinance" (VRO) to "Secondary Residence Rental Ordinance" (SRRO).

The city needs to change the name. Vacation Rental does not include all the other host scenarios such as ADU, Duplex, Triplex, Fourplex, Condo owners. "Vacation" implies a different economic category whereas "Secondary Residence" is inclusive to many working-class property owners.

2) HALA asks the CPC for the Booking Night Cap to be 305 instead of the city draft of only 30 nights for short term rental bookings per calendar year.

These secondary residences are not available for long term rentals as they are used by the owners at least 60 days out of the year. Allowing the 305 nights of bookings will ensure the usage of these residences and positive effects on the local community.

3) HALA asks the CPC for Secondary Residences Rentals that are RSO (Rent Stabilized Ordinance) to be eligible for short term renting if they exist on a parcel with 4 or fewer dwelling units. The city wants to make them all ineligible for Secondary Residence Short Term Rental. We need to change this.

By allowing RSO secondary residence rentals on parcels with four or fewer dwellings to short term rent, an owner can stabilize their residential property. Think of the homeowner who could not afford a Single Family Home, and could only afford a duplex. The unit is used intermittently for personal use and it is not available for long term renting. They should be able to short term rent that secondary residence. Think of the Fourplex owner who has two units rented far under market value. They need to be able to short term rent one secondary residence in order to stabilize their property. The city wants to hold on to their RSO units! If they do not give owners the ability to short term rent one of their secondary units, they will be forced to sell, a developer will come and Ellis Act all the RSO units, turn it into luxury unaffordable condos and those RSO units will never return to the housing market. These particular RSO units on parcels of four or fewer dwellings are used intermittently by the owner for personal use and are not available as a long term rental. Why penalize these property owners and leave the unit vacant for most of the calendar year?

4) HALA asks the CPC to allow an owner who Ellis Acted a unit on a parcel with four or fewer dwellings to short term rent the unit if no tenants were in residence at the time of Ellis Act Filing. The City draft makes Ellis Acted Units ineligible for short term renting.

The unit that was Ellis Acted is used intermittently by the owner for personal use and is not available as a long term rental. Why penalize these property owners and leave the unit vacant for most of the calendar year? It's an arbitrary disqualification and an unintended consequence for working-class hosts that have not removed any existing tenants.

5) HALA asks the CPC to allow an ADU that has been permitted prior to January 1, 2020, to be utilized as a secondary residence rental. The City Draft disqualifies them entirely.

Allowing an owner to short term rent their ADU truly stabilizes a working-class homeowner's ability to keep their property. (Only working-class homeowners have an ADU) In addition, allowing ADU's permitted prior to Jan 1, 2020, to short term rent as a secondary residence follows the California Law regarding ADU usage. The ADU is used intermittently by the owner for personal use and is not available as a long term rental. Why penalize these property owners and leave the ADU vacant for most of the calendar year?

6) HALA asks the CPC to grandfather in the hosts that were home-sharing ONE secondary residence and then place a cap at 1%. The city has written in the first draft an unreasonable cap of under 4000 for the entire Los Angeles. We need the CPC to protect all the existing hosts with a secondary residence.

There cannot be picking and choosing of who "wins" and gets to continue hosting their one secondary residence. The city needs to know that grandfathering in hosts that were home-sharing is reasonable and fair.

7) HALA asks the CPC to allow hosts to book two groups at one time per night. The City Draft allows only one.

By allowing two bookings per night, the host can actually have more guest quality control.

8) HALA asks PLUM to recommend stronger protections for neighborhoods.

a) Booking platforms must inform guests clearly prior to booking of city fines and fees regarding noise violations, nuisance violations, smoking in fire hazard zones, occupancy, and parking. Booking platforms must support and collect charges to guests if guests violate these city ordinances. This will help protect the neighborhood and host.

b) Booking platforms must revoke a guest's ability to review a host if the guest has broken a house rule regarding noise amplification, nuisance, parking, occupancy, or smoking. There are scenarios where a host will feel uncomfortable telling a guest to stop breaking a house rule, fearing a guest may leave a "retribution review" thus jeopardizing a host's "superhost" status resulting in fewer bookings. By removing the guest's ability to review, the host will have the freedom to act confidently when protecting the property and the neighboring community. It is a crucial edit that will support everyone in the secondary residence rental community.

9) HALA asks PLUM to ensure a landlord's secondary residence which has had a no-fault eviction or a harassment citation by a tenant within the past three years is ineligible for short-term renting. The City Draft does not have any specifications regarding this issue.

This would protect the tenant community from "bad actor" Hosts.

10) HALA asks PLUM to ensure that only a person can short term rent a secondary residence rental and not a corporation. The city has no insurances regarding this issue in its first draft.

Los Angeles needs to protect its housing stock from large corporations purchasing whole single-family homes and multi-unit properties in high multiples for commercial purposes and keep working-class property owners hosting.

11) HALA asks PLUM to ensure that City Planning takes a fair and reasonable fee of .5% per booked night and lowers the permitting fee to \$195/yr. The new per night booking fee of \$3.10 and the recommendations to raise registration fees are overly high - especially given how badly Planning is currently handling registration resulting in Hosts having their listings continually blocked even after paying the \$850 Extended Home Sharing fee.

The working class host cannot be left vulnerable to high permit fees and per night booking fee amount. We need the fees to be appropriate to the amount a host charges per night and the yearly permit should match that of a reasonable amount like HCIDLA. A host's per night booking amounts vary per neighborhood etc and the City per night booking fee cannot be a flat dollar amount, nor can they be overly high fees. It is inappropriate for the city to continue to tax hosts with high per night booking fees when these hosts are working class and need the necessary income to survive. City Planning should not be given the power to incur egregious fees from hosts. HCIDLA only requires a yearly fee of \$149 per RSO unit. City Planning should follow the same existing system of fees.

These are our asks. These recommendations to the Draft will save lives and save thousands of working-class homeowners.

Thank you for your consideration and thank you for all the service you do for our great city.

Public Comments Not Uploaded Stop the Vacation Rentals Ordinance (CF #18-1246)1 message

From: Chris Tilly <tilly@ucla.edu>**To:** clerk.plumcommittee@lacity.org, clerk.cps@lacity.org**At:** Fri, Nov 13, 2020 at 6:03 AM

PLUM Committee Members,

I write as a LA and District 10 (Venice) resident, as someone who lives across the street from an AirBnB house that often functions as a party house (sometimes with disastrous results for those of us nearby), and as a professor Urban Planning at UCLA.

I'll keep it short and sweet: Please stop the vacation rentals ordinance. Our homes and apartments should be for our neighbors, not turned into hotels.

Chris Tilly
