PLUM Committee Members,

I am writing urging you to oppose the unnecessary, damaging vacation rental ordinance. The emergence and proliferation of unregulated short term rentals have been proven to demonstrate negative impacts on the existing regional housing crisis, neighborhood character, and local code enforcement. The vacation rentals ordinance will undermine critical protections for our neighborhood that we fought years to achieve. Please vote NO

PLUM Committee Members,

Please stop short term rentals. I'm a homeowner and landlord. The property next door to my duplex is supposed to be rent control, but a number of years ago was purchased by someone who turned it into 4 units, one illegal, and all available on Airbnb. Gone were neighbors. Gone was housing that families could rent and send their kids to the elementary school across the street. Over the last year, with tighter restrictions, there are finally longer term renters in these units. No more parade of random out of towners who look at us with suspicion wondering who WE are to be going about our business by their de facto hotel. No more parties with no concern for other nearby. I like having neighbors who care about their neighborhood, especially now. Please keep short term rentals out of the general housing market. They suck the lifeblood out of our city. Thank you.

PLUM Committee Members,

Please stop the vacation rentals ordinance. Our homes and apartments should be for our neighbors, not turned into hotels. There is enough we have to deal with the LA neighborhood than to deal with more crime and other disturbances. Please improve our neighborhoods and do not destroy them any further.

Thank you stop this ordinance.

SERIOUSLY...C'MON!!!! I'm a 59 year old man...I am a native Angeleno-South Central, College grad, and gainfully employed in the entertainment industry as a proud Teamster and have never been arrested. The game and greed process to home ownership in Los Angeles is ridiculously out of control. Just so you council folk know, many L.A. communities are already overrun and full of distinction. Party Houses and Short Term Rentals will only a declining quality of life.

I believe over three years the City of L.A. earmarked something like \$100 million to address the homeless problem. Moreover, there is the passage of the HH Proposition - where is the yield in that? Allowing neighborhoods to become transient where people live and work is simply not a good fit.

The cost of home ownership and generally housing has well exceeded median income - and that is a destructive thing.

I have been formidably in the market to purchase a home in L.A., but more more I am more interested in leaving L.A. for a decent and home purchase situation.

Concepts not thoroughly thought out, tend to lead to negative and detrimental consequences.

Do The Right Thing - Stop the Capitalistic Greed Thought!!!

PLUM Committee Members,

Please stop the vacation rentals ordinance. Our homes and apartments should be for our neighbors, not turned into hotels. Hotels brings prostitution and drugs into neighborhoods that are currently free from type of criminality. This was also create higher crime rates throughout these neighborhoods. As a concerned home owner, I'm apposed to the conversation of any existing homes into hotels or any type of temporary house. Please reconsider this proposal since this will not only bring, property values down, raise the crime rate, put families and their children in harms way. The current state of our neighborhoods will be jeopardized if this housing is allow. I'm sure if the governing parties take some time they can find a more adequate solution for this temporary housing.

Thank you and please reconsider.

Hi Councilmember O'Farrell,

I'm writing to state my opposition to [CF 18-1246](#), the Vacation Rental Ordinance. The only thing the LA City Council should be doing with respect to rentals is finding ways to drive down vacancy rates and secure more affordable rental housing for long-term residents of LA. It's hard to tell how much of any impact CF 18-1246 really has on LA's housing crisis, but there's no way it helps, and is not at all what city government should be spend its time thinking about.

PLUM Committee Members,

Please stop the vacation rentals ordinance (CF #18-1246)). Our homes and apartments should be for our neighbors, not turned into hotels. We have enough issues with the unhoused not getting enough support, adding a tourism angle is not a priority and will be a strike against our community.

PLUM Committee Members,

First there is a pandemic going on & we need to keep gatherings small & not travel.

Second this plague will be her for another 3-4 years.

Then there are all the homeless that will only increase when renters are forced out for short term rentals.

Think about all the blood you will have on your hands.

Who is going to travel ?

Who will be forced out.

Why jeopardize the City of Angels?

PLUM Committee Members,

We do not want the city council to allow short term rentals of properties. This is a residential neighborhood and should be maintained as such. Any property where the owner does not reside actively for more than half the year should not be allowed to rent out their home for parties of any kind.

PLUM Committee Members,

To the city of los angeles mayor this is and absolute outrage. This does not make any common sense at all our city have a serious problem with illnesses and homeless and all the council can consider is party houses and hotels? This will bring on more crime in our city. So being since the people in council have a mindset of trouble they all need to be fired"" we need people in our council who have a heart and common sense and love for the lord to help people not set them up to be harmed this is not party time nor a laughing matter 😞 people are hurting they are ill they are hungry they need shelter 911.the main problem in los angeles is the rent is extremely too high they are making landlords rich while others sleep on the street this need to stop and to stop this is to audit these landlords and find out all their business and let them know their party is over also being their is comparable real estate properties there should be comparable "RENT AMOUNTS" let those landlords know NO you can not charge those high rent amounts for those same old old worn out properties in those ran down neighborhoods put a cap on what they can charge. I'm thinking iits the council members that are landlords being greedy and want more \$\$\$\$ thats a huge problem.**STOP***THEM***ASAP LETS HAVE AN ELECTION AND VOTE THIS MATTER OUT!!!
