PLUM Committee Members,

To Whom it May Concern,

The vacation rental market has inflated housing costs by manipulating the market. Vacation rental owners push up their rental rates (many of them long term due to vacationers and high paid remote workers) so high that it's impossible for actual resident renters to afford anything in the competitive market. Because vacation rentals are located in the same neighborhood as residential rentals, the overall market rates are being manually inflated. This is one of the main causes of the housing crisis in Southern California. Please do not enable more of this market manipulation. Please regulate the vacation rental companies to cap long term rental rates based on the residential rental market. Thank you.

PLUM Committee Members,

I am writing urging you to oppose the unnecessary, damaging vacation rental ordinance. The emergence and proliferation of unregulated short term rentals have been proven to demonstrate negative impacts on the existing regional housing crisis, neighborhood character, and local code enforcement. The vacation rentals ordinance will undermine critical protections for our neighborhood that we fought years to achieve. Please vote NO

PLUM Committee Members,

I CANNOT TELL STRONGLY ENOUGH HOW WRONG SHORT TERM VACATION RENTALS WOULD IMPACT MY CURRENT NEIGHBOR. I WAS A 22 YEAR IF HERMOSA BEACH AND MY CONDO COMPLEX EXPERIENCED SO MUCH HAVOC AS PEOPLE BROKE THE LAW (OF THE 30 DAY MIN) AND ALLOWED SHORT TERM RENTALS. IT CAUSED ME TO MOVE FURTHER UP THE COAST.

The well-off do not need more vacation options while the struggling are being squeezed into the streets, especially at a time like this. What head-assery. What Sodomy.

PLUM Committee Members,

These are people you are hurting. These people who make up our unhoused community have every right to live just as much as any other existing person. It shouldn't be impossible to exist in this world, and our leaders in positions like yourself should certainly not be perpetuating measures that ensure people can't make a life for themselves. How are they supposed to live without clean water and soap in the water stations? The water station at Beacon has not been restored for 6 months. How are people supposed to live when you let the city shut off water fountains? You only send the showers once/twice a week sometimes to one corner on Beacon and Gulch and that's supposed to be enough? The showers didn't show up for three weeks at one point. How much easier is your life because you get to home to a house with clean water, a bed, a sense of security because you can lock your doors? Do you take it for granted? Your shelters are overcrowded and all plans have not been inclusive of the people's voices who actually make up our unhoused communities. We don't need vacation rentals. We need humanity. Treat people with compassion like a respectable leader should and help our unhoused community have access to basic resources.

PLUM Committee Members,

It is unconscionable to turn city owned housing into short term rentals when we have people without homes living on the street. Do not do this.

PLUM Committee Members,

Do not allow much needed housing for los Angeles residents to be converted into more short term rentals that don't accomplish anything.

PLUM Committee Members,

Please do NOT consider turning units earmarked for affordable housing into vacation units. We have a housing crisis in LA - the homeless need to be housed. Workers need to be housed.

Sincerely,

You have been an advocate for low income housing and for housing the homeless. I believe this is contrary to those missions.

PLUM Committee Members,

I am writing urging you to oppose the unnecessary, damaging vacation rental ordinance. Thousands of units have been lost to short-term rentals. The vacation rentals ordinance will undermine critical housing protections that Angelenos fought years to achieve. Please stop the ordinance and protect our housing.

Thank you,

Manuel Gonzalez

PLUM Committee Members,

I cannot afford to buy a house anywhere I want to live, and I'm one of the lucky ones: I earn good money and rent a nice home in a neighborhood I love. Allowing more short-term rentals will continue to erode available housing stock by encouraging speculation and sales to those with the cash to pay above asking in order to invest and use housing as a money-making opportunity. Short-term rentals also erode safety, quality of life and character of neighborhoods. And, in an era of record homelessness, allowing homes to be used for short-term rentals and decreasing available long-term housing across the income spectrum is absolutely unconscionable and abhorrent.

Thank you for your consideration.
