Hon. Councilmember Joe Buscaino,

As residents across Los Angeles, we face evictions, homelessness, and rising rents. Our city has an affordable housing crisis. As a Mayoral Candidate, you have campaigned on housing the unhoused. Voting NO on the proposed Vacation Rental Ordinance is essential to doing just that. If passed, the Vacation Rental Ordinance would make our crisis much worse by allowing the ultra-wealthy to buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units.

We urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246.

Thank you.

Councilmember Mitch O'Farrell,

A 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Please don't let short-term rentals crowd out affordable housing in our city.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you.

Hon. Dear CM Buscaino,

As a Mayoral Candidate, you have campaigned on housing the unhoused. We believe the Vacation Rentals Ordinance would be terrible for affordable housing in our city. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Councilmember Gil Cedillo,

Councilmembers are considering a loophole to allow the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units. Thousands of housing units have already been lost to short-term rentals. It should be illegal to convert housing into a de-facto hotel. How can you say you are fighting homelessness but then give away thousands of units of housing to wealthy property owners?

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. Hello Councilman O'Farrell,

LA has been in an affordable housing crisis for years. The proposed Vacation Rental Ordinance would make it worse by allowing the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units. And probably drive up housing rates.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246. We NEED more AFFORDABLE housing, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Councilmember Marqueece Harris-Dawson,

A 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Please don't let short-term rentals crowd out affordable housing in our city.

Council President Nury Martinez,

A 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Please don't let short-term rentals crowd out affordable housing in our city.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you.

Councilmember Kevin De Leon,

A 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Please don't let short-term rentals crowd out affordable housing in our city.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you.

Councilmember Mitch O'Farrell,

I have been personally victimized as a result of an illegal Airbnb in my building. My phone was stolen by an illegal Airbnb guest. He used my phone to try to extort me for money and sex and then propositioned me for paid sex. I have filed a police report, but this is the direct result of

illegal and unregulated Airbnb rentals in my building and I would hate for this or worse to continue happening.

I don't begrudge anyone a second home they or their families actually live in. Unfortunately a 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals.
