Councilmember Mark Ridley-Thomas,

A 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Please don't let short-term rentals crowd out affordable housing in our city.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you.

How the City say its fighting homelessness but give away 14,740 units of housing? OPPOSE

Councilmember Mark Ridley-Thomas,

Councilmembers are considering a loophole to allow the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units. Thousands of housing units have already been lost to short-term rentals. It should be illegal to convert housing into a de-facto hotel. How can you say you are fighting homelessness but then give away thousands of units of housing to wealthy property owners?

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you

Hon. Councilmember Joe Buscaino,

As residents across Los Angeles, we face evictions, homelessness, and rising rents. Our city has an affordable housing crisis. As a Mayoral Candidate, you have campaigned on housing the unhoused. Voting NO on the proposed Vacation Rental Ordinance is essential to doing just that. If passed, the Vacation Rental Ordinance would make our crisis much worse by allowing the ultra-wealthy to buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units.

We urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246.

Thank you.

As you know, LA has an affordable housing crisis. The proposed Vacation Rental Ordinance would make it even worse (if that is possible) by allowing the wealthy to buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. Councilmember Kevin De Leon,

We face evictions, homelessness, and rising rents. LA has an affordable housing crisis. The proposed Vacation Rental Ordinance would make it much worse by allowing the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Thank you

We have many vacation rentals and it's disruptive to our way do life. I do not pay properly taxes to live in a commercial hotel area.

The proposed Vacation Rental Ordinance would make it much worse by allowing the ultra-wealthy buy second homes and then list them as vacation rentals instead of housing. That would cost Los Angeles an estimated 14,740 housing units.

I urge you to reject the Vacation Rental Ordinance, Council File Number: 18-1246, to allow second homes to be used as short-term rentals and listed on platforms like Airbnb and VRBO. We need more aggressive enforcement of the current home-sharing ordinance, not more loopholes that convert affordable housing into illegal hotels in our neighborhoods.

Councilmember Mark Ridley-Thomas,

Dear Mark,

Isn't it obvious to everyone that the housing shortage is being caused by Air BB and VRBO??!
Rather than building tons of apartment buildings we need to severely limit the amount of short terms rentals in any given area. They are ruining our city!!!

Councilmember Mark Ridley-Thomas,

A 2019 report found that 7,289 units of housing around Los Angeles, much of it rent-stabilized or affordable housing, had been lost to short-term rentals. There are already too many illegal short-term rentals in our neighborhoods, making housing more expensive and displacing long-time residents. Please don't let short-term rentals crowd out affordable housing in our city.
