Comments for Public Posting: Oppose Buscaino and Blumenfield's motion. Just more fash from Gaulieter Buscaino. His answer to poverty in his fiefdom CD-15 is always the same. Cite them(poor people) arrest them, confiscate their property, ransom their vehicles while the poor person is hopefully incarcerated for the crime of being poor in CD-15. Worst of all for Herr Joe are those poor people who still have the wherewithal to own an RV to live in. Buscaino says to LADOT and his buddies the OPG entrepreneurs is "crush em."
