Los Angeles City Clerk CPS-LAS,

I strongly support the Westside Los Angeles Neighbors Network's CEQA appeal of the finalization of the Great Streets Venice Blvd. project which is scheduled to be on the City Council agenda on March 6, 2019.

There were many significant concerns raised during the one-year pilot project to support a fair argument that the road diet has had significant impacts upon the environment. Concerns that have not been acknowledged, answered or addressed by LADOT, the Great Streets Initiative, or Councilman Bonin's office.

So how can the City of Los Angeles make this project permanent without an environmental review? How can the City go back on its promise made in March 2018 that: "If it (Great Streets Venice Blvd) is made permanent, there will be an environmental assessment and accompanying public process."

Please rectify this error by granting the CEQA appeal brought before you by the Westside LA Neighbors Network.

Los Angeles City Clerk CPS-LAS,

I strongly support the Westside Los Angeles Neighbors Network's CEQA appeal of the finalization of the Great Streets Venice Blvd. project which is scheduled to be on the City Council agenda on March 6, 2019.

There were many significant concerns raised during the one-year pilot project to support a fair argument that the road diet has had significant impacts upon the environment. Concerns that have not been acknowledged, answered or addressed by LADOT, the Great Streets Initiative, or Councilman Bonin's office.

This project has not only increased safety concerns for the residents directly affected, but also for the thousands of vehicles that pass through this section of Mar Vista on a daily basis; not to mention the great risk bikers and pedestrians are subjected to due to this ludicrous street layout. Finally, emergency and police vehicles come to a halt in this area due to traffic congestion. We ask that you seriously consider Restoring Venice Blvd.

So how can the City of Los Angeles make this project permanent without an environmental review? How can the City go back on its promise made in March 2018 that: "If it (Great Streets Venice Blvd) is made permanent, there will be an environmental assessment and accompanying public process."

Please rectify this error by granting the CEQA appeal brought before you by the Westside LA Neighbors Network.
