Dear City Officials,

As you know, all of those living in the areas surrounding Venice Blvd. have been suffering terribly with this **very ill conceived ROAD DIET plan. It has caused all of us to use residential streets to get to and from work.**

Venice Blvd. is our most important EAST / WEST thoroughfare !!

We have attended many meeting regarding the theft of our lanes, and seen hundreds of people furious at what has taken place on Venice Blvd. and yet our voices are completely ignored.

Who is this ridiculous and mad plan serving ??

We see almost NO people using the bike path !!!

This is no place to create a cutesy little neighborhood play land !!!!!

I can not imagine the WASTE of money on this hated "project" !!! These are OUR tax dollars meant to serve the community, not hurt and injure us !!!

We used to use the businesses along that strip of Venice Blvd. but navigating that mess has made patronizing those stores IMPOSSIBLE !

TO:

Councilman Bonin,
Councilman Koretz:
Councilwoman Martinez:
Legislative Assistant John White:
Transportation Deputy Eric Bruins
Mobility Deputy Alek Bartosouf:

I am a long time Mar Vista resident and home owner. I drive a car, ride a bike, and take the 33 and 733 buses. I know the area very well and can honestly say my general well being and safety have NOT improved.

The Road Diet has made driving stressful in this area and parking more frustrating. I try to avoid this area whenever I can. I now use a different post office, library, and bank. I understand the intent of Great Streets and Zero Vision but I do not see the benefit to choking this area of town. Although I complain about cut thru traffic behind my drive way, I am now guilty of being a cut thru person myself.

I am writing to add my support for the Westside Los Angeles Neighbors Network's CEQA Appeal for Venice Boulevard Great Street Project - Finalized Project and Additional Improvements.

Thank you for your consideration.
