**Comments for Public Posting:** I urge you to not approve the Weingart operator as the new Riverside Bridge Home shelter operator. No operator should be approved until there are plans of how they will improve the shelter and at what cost. The lack of accountability for Weingart's financial costs of operation in the past brings grave concerns to this shelter management. The Riverside Bridge Home shelter is one of the least successful locations for housing homeless in Los Angeles. Without specific plans and structure for improvement those in need and the surrounding community will all continue to suffer.
