Council File No: 19-0603

Comments for Public Posting: Dear City Council: You have a serious language error in your motion. The correct designation is "Very High Fire Hazard Severity Zone," not "Very High Severity Zone," which is nonsensical. For more information, please see <https://osfm.fire.ca.gov/divisions/wildfire-planning-engineering/wildland-hazards-building-codes/fire-hazard-severity-zones-maps/>. Thank you. Sincerely, Gina K. Thornburg
