Comments for Public Posting: I strongly oppose a vacancy tax. You are making landlords responsible for the city's housing shortage. You are not differentiating between small business landlords and developers who own large apartment complexes. You are taking away our livelihood. Tenants do not even have to give supporting proof of loss of employment, etc. before they can stop paying rent. I know of a young man who has \$200,000 in his bank account and stopped paying rent because he can. You have set up a system of abuse and now you are further discriminating against landlords. LANDLORDS LIVES MATTER!! Please stop persecuting us and creating polarization. Our President has been doing that for the last 3 1/2 years and now the democrats in Los Angeles are doing the same thing.
